## NOTES ON WINE JUDGING

Exhibits are judged on a point score with a maximum of 20 points.

The judging sheets are divided in the following:

- 3 points for colour and condition, often wines with poor colour are rejected for defects on both nose and palate;
- 7 points for nose; and
- 10 points for palate: a wine with an excellent nose may fall down on the palate due to excessive acidity or tannin defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:

- 18.5 – 20 = Gold Medal
- 17.0 – 18.4 = Silver Medal
- 15.5 – 16.9 = Bronze Medal

All exhibits are judged "on the blind". Judges do not see or handle the bottles.

At the RMWS, the judges are arranged into six panels, each consisting of three judges. The Chairman of Judges divides the classes to be judged between the panels. He also gives guidance, clarification and in the case of any disputes he will adjudicate.

Each class is set up and poured by associate judges and stewards. The judges assess the wines, allocate points and then medals are awarded. The points listed in the results section represent the total of the three judges' assessments.

Judges are generally selected from those who work in or are connected with the wine industry. Potential judges are recommended to the Royal Agricultural Society of Victoria Limited and are given experience as associate judges. New judges are selected from the best performing associate judges. No exhibitors can participate in session two of judging (where medals are awarded).

The following definitions of the various wine types are offered for the guidance of exhibitors.

Varietal wines should comprise at least 80% of the specified variety for 1993 and earlier vintages and 85% of the specified variety for later vintages.

# NOTES ON WINE JUDGING

## **DRY WHITE**

Should be in brilliant condition, pale to medium straw in colour, preferably with a slight green tinge. Light to full-bodied, medium to high acidity with a fresh bouquet, clean after taste, no lingering sweetness. In the wooded classes, the oak should be in harmony with the vinosity of the wine. Alcoholic strength should be between 8% and 14% by volume.

## **MEDIUM DRY WHITE**

Specification similar to Dry White but with some sweetness not exceeding 1 degree baume.

## **SWEET WHITE**

Should be a brilliant condition, straw to light golden colour, medium to full bodied with a bouquet which is aromatic or complete and distinctly sweet in flavour. Its alcoholic strength should not exceed 14% by volume and it should not show excessive sulphur dioxide. Baume should exceed 1 degree baume.

## **ROSE**

A still, light and tart table wine with a slight tannin finish and a fresh fruit flavour, but without Muscat character. Colour is generally pink, but many have a trace of apricot or amber tint. Alcoholic strength should be between 8% and 14% by volume.

## **LIGHT BODIED DRY RED**

Colour is typically light to medium red. A blue or purple tint may be present. Aroma and bouquet – varietal aroma may occur in varying degrees. It should be fresh and fruity and in harmony with the body and flavour of the wine. Palate – soft and light without being thin and rounded in the mid palate. Finish clear and crisp with soft astringency. The alcoholic strength should be between 8% and 12% by volume.

## **DRY RED**

Colour medium to deep red. According to age, a blue or purple tint may be present in a young wine or a light brown edge may be present in an aged wine. Aroma and bouquet – varietal aroma may occur in varying degrees. It should be fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines, bottle age. Palate should be soft, rounded and generous in mid palate. The body should be medium to full and in balance with the acidity. The finish should be clean, with tannin from maturation in wood but this should not predominate. The alcoholic strength should be between 8% and 14.5% by volume.

## **SWEET WHITE DESSERT**

Golden to dark brown in colour depending on age. Must not show Muscat character, but have fruity and aromatic bouquet. It must be full bodied, soft and luscious. Strength not to exceed 20.5% alcohol by volume.

## **MUSCAT**

Colour is generally golden to red, with a distinct muscat bouquet and palate. Full bodied and soft and luscious. Strength not to exceed 20.5% alcohol by volume.

## **TAWNY PORT**

Colour is pale red with distinct amber tinge. The bouquet is fruity and aromatic, palate full and soft with distinct dryness on the finish. Some flavour of oak tannin from the maturing wood is desirable. A lingering sweetness on the after palate is undesirable. Strength not to exceed 20.5% alcohol by volume.

# NOTES ON WINE JUDGING

## VINTAGE PORT

Colour deep ruby to light ruby, possibly with slight amber tint, depending on age. Bouquet, fruity and characteristic of bottle aged vintage port. Should not show wood character. Flavour full and soft with firm astringent finish and no lingering sweetness. Strength not to exceed 20.5% alcohol by volume.

## SHERRY, Pale, Dry, Fino

Colour straw to pale golden. Bouquet characteristic of Flor sherry. Flavour light and dry without excessive acidity or astringency, but some oak character. Finish dry, aromatic with distinct 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

## SHERRY, Amontillado

Colour golden to light amber. Bouquet showing more age than Fino sherry. Palate fuller and softer than Fino with some oak showing through. Finish dry and aromatic with characteristic, 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

## SHERRY, Oloroso

Colour amber to brown. Bouquet showing both oak and sherry character. Palate soft and round but with a dry finish. Strength not to exceed 20.5% alcohol by volume.

## SPARKLING WHITE

Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh without particular varietal character and should indicate some years in the bottle. The wine should be fairly dry but show no astringent finish. Bubbles should be fine and persistent.

## SPARKLING RED

Colour should be light to medium ruby. Older wines may show a trace of amber but not more than a trace. Bouquet fruity but should show bottle age. Fairly pronounced acidity. Full flavour and body, some sweetness but with a dry finish. May show slight oak character. Bubbles should be fine and persistent.

## TWO YEAR OLD BRANDY

Entries in this class should be representative of popular commercial brandies, but should avoid fruitiness. The brandy should be well balanced distillate of wine made from neutral grape varieties. It should avoid excessive heads or tails and should not show varietal character (e.g. Muscat). It should be smooth but without evident sweetness. A clear balance bouquet is essential. Colour light amber.

## OLD BRANDY

Colour may be somewhat darker than in the young brandy class. Well matured oak should be distinguishable on both bouquet and flavour. Bouquet should be clean and somewhat ethereal but well balanced showing no particular constituent to excess. Flavour should be full smooth and aromatic. Finish aromatic without trace of fusel oil. No varietal character or fruitiness should be evident. Some slight sweetness is acceptable.

## RURAL FINANCE

Rural Finance has supported Victoria's rural sector for 60 years with a range of specialist, flexible and competitive products aimed at enhancing the prospects of farming and rural businesses.

Rural Finance is now able to assist a wider range of farmers. Our lending base has expanded to incorporate interstate farmers who are contributing or intend to contribute to the regional economy of Victoria.

Some of our attributes are:

### **Flexible Loan Packages**

With flexibility and understanding in mind our specialist agribusiness team can design a loan package to meet individual business needs.

### **Personal On-Farm Service**

Our agribusiness lenders personally visit clients and prospective clients on-farm to assess a finance proposal. Once the link is established our team maintains contact to ensure long serving business relationships are nurtured.

### **Rural Experience and Knowledge**

Our staff have a wide range of rural experience and knowledge and understand the peaks and troughs associated with agriculture.

### **No Ongoing Fees**

Apart from an initial establishment fee there are no ongoing or renewal fees on our loan products.

### **Seasonal Support**

Rural Finance understands the effects of seasonal variations and commodity price movements and how these elements impact on a rural business and its ability to service borrowings. Our loans provide for repayments to be adjusted in challenging times.

### MESSAGE FROM THE PREMIER OF VICTORIA

Congratulations to McIvor Estate for winning the 2007 Premier's Gold Trophy for Victorian Wine, with their 2005 Shiraz, at the Royal Melbourne Wine Show.

The 2007 award marks the 10<sup>th</sup> Anniversary of the Premier's Gold Trophy for Victorian Wine at the Royal Melbourne Wine Show.

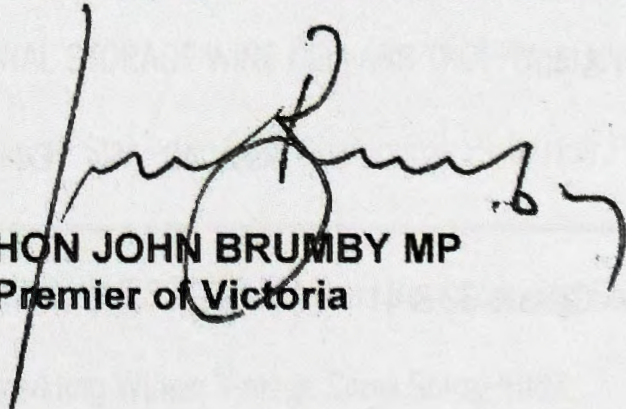

The Royal Melbourne Wine Show has a long tradition of excellence and occupies a unique place as one of our most prestigious shows. It is a wonderful achievement to win an award at this show.

The Royal Melbourne Wine Show was first held by the Royal Agricultural Society of Victoria in 1884, with only 13 entries featured. This year, more than 3,600 entries were received.

Victoria's wine industry has a renowned and celebrated reputation for quality and diversity. Our wines are being enjoyed all around the world, with more than \$650 million of wine exported last year alone.

This wonderful event showcases the latest quality Victorian wines, and supports the future growth of the industry by promoting wine styles from across our 21 regions.

Congratulations once again to McIvor Estate's 2005 Shiraz on winning the 2007 Premier's Gold Trophy for Victorian Wine award.

HON JOHN BRUMBY MP  
Premier of Victoria
