Diverse types, nonetheless very typical of the breed. Well presented and in good show condition. Some magnificent head pieces. Movement could have been better. The winners won not only on structure but also on very sound movement.

A very nice entry of dogs in this breed, mostly in excellent condition and in fairly good coat. Some fronts were a bit soft but overall the breed type was excellent – no shy dogs. Some fairly interesting exhibits were entered in some classes giving me a choice of decision, not always easy. My Challenge and Reserve Challenge winners were of excellent type. Best Of Breed was a lovely male in excellent condition. The Reserve was a feminine bitch also in tip top condition.

Much better quality than in their country of origin!!! Excellent heads, cobby bodies, very good coat textures. Most of my winners belonged to the same lady whose work I have to appreciate. My Best of Breed male should win anywhere in the World.

Schnauzerf

A good quality entry in this breed with a lot of ecru types. Coats were excellent, some heads a bit heavier than desirable. Fronts were sound.

Best of Breed was a beautiful classic bitch, sound and well balanced. The Challenge dog was very well balanced but still needs to mature a bit.

Many dogs in this breed had coats that were too soft on the body. All were well presented and in good condition. A lot of different types in the ring ranging from continental (European) to American and many in between.

Best of Breed was a lovely, well moving dog in top condition and one that enjoys shows. He was short bodied and sound. The Challenge bitch was very elegant and feminine.

Sealyham Terrier

What a statement these guys make upon entering the ring. Great pleasure knowing the TERRIERS had arrived. Both dogs were of high quality that many breeders would love to have in a breeding program. Wonderful breed type, groomed correctly with super Sealy coat texture. The young dog will do well with more ring experience. The puppy bitch – WOW! She is a knockout – winning Best of Breed with a big round of applause.

Mrs Jacqueline Quiros-Kubat  
Shetland Sheepdog

All in great show condition and were well presented. There was good quality in almost all of the classes. Though different types and sizes, all had good coat texture. In some classes, larger, sound moving dogs won over smaller typey exhibits with inferior movement. Challenge winners were outstanding in breed type: heads, expression and sound movement.

Some very nice dogs in this breed but I felt some were a bit large in size. Excellent heads with correctly placed ears and eyes. My Best of Breed winner was very well balanced and my Best Puppy (and Reserve Challenge bitch) was adorable and in top condition.

Two males and my winning Bitch stood out. They have been beautifully headed with excellent expressions. They had the necessary substance of the body as well under the perfect, silky coat. They moved well.  
I'm sorry I couldn't award the Reserve Challenge for the bitches because of lacking the quality.

Ms Carla Molinari  
Siberian Husky

A lovely entry of quality dogs. There were several different breed types to chose from. All entries were sound and in good condition. Rear movement, so important in this breed, was excellent in most dogs. Some heads were coarser than what I like.

My Best of Breed winner had elegance and soundness plus excellent showmanship. My decision for Challenge bitch and Reserve Best of Breed was put down to perfection with excellent body shape. She is perhaps slightly taller than what I would like in a bitch, but of such high quality her win could not be denied

Mrs Anne Katona  
Skye Terrier

What nice puppies were exhibited. The Australian Bred dog won Best of Breed and the Open bitch was reserve. Both are very nice breed standard examples and all exhibits with wonderful temperaments and attitudes for this breed.

Ms Carla Molinari  
Soft Coated Wheaten Terrier

A four square stander with head and tail up, giving the appearance of a happy terrier, full of character. Type was evident in most exhibits and a few were wonderful walkers. Sound down and back with nice level top lines, compact body and face, graceful and lovely on the go around.

**JUDGES CRITIQUE**

Ms Carla Molinari  
St Bernard

There were distinct types entered in this breed. Heads were very different and also outlines. Some dogs were heavier and longer than I desire in this Mastiff type breed which has specific rescue work to do where strength and agility are a must.

Best of Breed was a very well instructed smooth coated male. He had size, type and solid, sound movement. Never heavy, retaining at the same time correct head type.

Challenge bitch went to a very feminine, long coated bitch, beautifully constructed.

Staffordshire Bull Terrier

What a lovely Staffordshire entry! There was a good depth in most classes and on any given day, placements could have been different. This always makes me happy to judge quality of this depth. Size was excellent, temperament in all exhibits was super. I love to have Staff tails wag while I do the examination. A few exhibits could have used more bone and substance, but overall type was outstanding.

What a delightful small breed. All exhibits were nice square examples of the breed standard. Some were a bit more "terrier keen" and these gave the impression of being strong, active and agile with a short, compact body and a level top line. It was a pleasure to judge this breed and the exhibitors could not have been nicer

**JUDGES CRITIQUE**

Dr Tamas Jakkel  
Tibetan Terrier

Good entry, a very even quality. They all had nice heads and expressions. The overall coat – quality was good but some of them were silky.

I found two lovely winners, being short, typey and moving well.

Mrs Jacqueline Quiros-Kubat  
Weimaraner

Different types were presented. Some rather large, very heavy boned, long in loin with sway backs. Nonetheless, there were some that were not extreme. They were well balanced with the correct front angulation, good fill, firm top line and effortless ground covering movement. The winners depicted just that – elegant, functional dogs of great nobility

Dr Tamas Jakkel  
 Welsh Springer Spaniel

I had an entry of only 3. My Best of Breed was a typical,  
 balanced, good moving, yet "not finished" male, who needs time  
 to get the essential substance in the future.

My Challenge bitch had a lovely substance, spring of ribs but lost  
 on the move.

Most of the exhibits were groomed nicely and most had a good outer coat of harsh hair. Most skulls were domed and groomed quite well. Silhouettes were not as compact with back level as to my liking but the entry was of enough quality to find a Best of Breed and Runner Up Best of Breed that were very true to type.

## JUDGES CRITIQUE

Mrs Jacqueline Quiros-Kubat  
Whippet

Heads in general were excellent, well chiselled, strong underjaws and good ears. Some could have had larger eyes. All of the dogs were in top show condition, had good temperaments and were well presented. The winners were of excellent type and structure, well angulated fronts with good fill and the rise over the loin as it belongs.

#### JUDGES CRITIQUE

Mrs Anne Katona  
Yorkshire Terrier

The overall entry did not meet my expectations of the standard in quality today. There were a couple of good type and quality in young males from which to choose Best of Breed.

## Critique on Action Dogs by Reg Dwyer (Judge 2006)

The Obedience competition was conducted in the Graham Head Pavilion, an enclosed area with smooth concrete floor and located close to the unmistakable sounds of a Royal Show. The competition included new classes and the changes to existing classes. These alterations allowed the new classes of Utility Dog Excellent and Community Companion Dog to be included.

Day one of the Action Dogs competition began on Wednesday 27th September 2006 with Obedience Dogs; this was followed on Thursday with the Obedience Bitches. The classes included Utility Dog Excellent (UDX), Utility Dog (UD), Community Companion Dog (CCD), Companion Dog (CD) and Companion Dog Excellent (CDX). Overall the quality of work by both dogs and handlers was high despite the unfamiliar environment and sounds of a 'Show'. Dogs and their handlers displayed a high level of competence and capability. However in many cases the concentration or distractions of the environment and show affected performances at critical moments which resulted in various non qualifying scores.

Some points are notable from the Obedience competition. The new classes, especially the CCD class has provided a new and exciting opportunity for the sport. A number of 'Associate' dogs were entered demonstrating that both the owners and the organisations are supportive of 'Responsible Dog Ownership' regardless of breed and type.

The new and exciting UDX class had every person in the pavilion holding their breath as the winning dog showed a level of decision that resulted in the first Victorian UDX, the first UDX at a Royal and only the second of its type in Australia. The dog, pausing to choose the correct retrieve article concluded in cheers and enthusiastic applause from the spectators who then could relax from the knife edge tension.

Overall, the quality of work by the teams were high and the stability of the dogs in this environment was impressive.

### Agility and Jumping:

Friday the 29<sup>th</sup> was the day for the Agility and Jumping competition. This was conducted on the grassed area in front of the main dog pavilion where the Conformation section had competed over the previous days. This previous competition resulted in various and interesting smells which distracted some dogs and others totally ignored.

Agility was followed by Jumping in the format of Masters, Excellent, Open (New class) and Novice for both of the events. Over 200 dogs, 8 classes, 40 height changes and approximately 8 hours later, both competitor and official were pleased at the results and the day's enjoyment. Dogs from the 200 mm class through to the 600mm class were all successful by at least thrilling and amusing the large watching spectator crowd. Dogs of highly 'friendly' and personable nature were very interested in the crowd and the smells of the area, whilst the 'experts' of the sport demonstrated performances which had each watching in amazement as they navigated the courses with speed and accuracy. Some challenges still exist and I'm sure that a high priority on the training schedules will include 'Distance Handling'.

Overall, the Agility and Jumping was received well by the public and seemed to be enjoyed by the majority of who participated and assisted.

Congratulations to the organisers, stewards, committees and their assistants for their extensive efforts presenting this event. My thanks also to the competitors for their support to the sport and to the RAS for this appointment and their hospitality and professionalism during this appointment.
