A copy of the General Regulations and the VCA Rules and Regulations may be inspected at the offices of the Royal Agricultural Society of Victoria Limited or the Dog Secretary's Office

## ENTERING FOR SHOW

1. Entries will be received in all sections of the Royal Melbourne Show (the "Show") subject to these regulations and the special regulations, rules and conditions appearing at the head of each section and in each class, and on the entry form, and the Society's Conditions of Entry to the Showgrounds posted at each gate. Upon submission of an entry the Exhibitor agrees irrevocably to be bound by all applicable regulations, rules and conditions.
2. The Society may in its absolute discretion reject entries from Competitors or Exhibitors who, or whose exhibits, are or have been subject to disqualification from any Royal or other show or a breed society of similar body.
3. Subject to regulations in the relevant Schedule no entry may be changed by the Exhibitor after entries close unless otherwise permitted by the Society.
4. The entry fee set out in the Schedule shall be forwarded with each entry. Entries in the Dog Section of the Show must be made at the Society's Office at the Administration Building at the Melbourne Showgrounds, Epsom Road, Ascot Vale, 3032, on or before 5.30 pm on Friday, 16<sup>th</sup> July, 2004 or be delivered by post to the said office on or before Friday 16<sup>th</sup> July, 2004 at 5.30 pm. The entry fee becomes the property of the Society upon its receipt by the Society and fees for withdrawn entries or entries which do not satisfy the conditions of eligibility will not be refunded.
5. All entry forms must be signed by the Exhibitor or his authorised agent. The Exhibitor is responsible for the correctness of all information on the entry form. Where an Exhibitor is less than 18 years of age, the entry form must be signed also by the Exhibitor's parents or guardian.
6. Restrictions on the number of entries in any section or class may be made by the Society.
7. Subject to the regulations in the relevant Schedule, no exhibit may be entered in more than one Ordinary Class. Agility and Obedience Classes do not count as Ordinary Classes.

## OWNERSHIP OF EXHIBITS

8. Unless the Society otherwise permits all exhibits must be the bona fide property of the Exhibitor at the time of entry or be held by he/she under written lease in existence at the time of entry and the Society shall have the power to recognise or reject such lease as it deems fit.
9. The Society has the power without assigning any reason to:
  - (a) cancel any event or class;

  - (c) alter the conditions of any event;
  - (d) remove any exhibit from the Showgrounds;
  - (e) alter the date or time for the closing of entries for any section or class or for any particular entry;
  - (f) transfer an exhibit and Exhibitor from any class to any other class; or
  - (g) decline to display an exhibit.
10. Except with the prior written approval of the Society, no dogs other than the dogs entered for the Show are permitted to enter the Showgrounds.
11. EXHIBIT NUMBERS: The exhibit numbers shall correspond with the bench allotted to the exhibit where practicable. Bench numbers must not be altered or interfered with. Exhibit numbers shall be worn by handlers whilst in the judging ring.
12. VEHICLE PARKING: Motor vehicles/trailers are not permitted to park within the Melbourne Showgrounds. "A parking fee for this Show should not be included with the entry fee".

Where, in any class or competition a First place is not awarded by the Judge, there shall be no Second or Third placing awarded. The Judge may not place two or more separate exhibits equal for any award, nor may he/she re-judge any competition because of the absence from the judging ring of any exhibit at the time of judging that competition. The Judge may make a reserve number, by marking it as such, of the exhibit next in order beyond those to which the prizes are awarded in every class where the number of the entries exceeds the number of prizes offered, if, in his opinion, the exhibit is of sufficient merit with the exception of reserve challenge award, such emergency number does not carry any prize, or other reward.

# Judges Critiques as presented

## Mrs Doreen Powell

**Thursday, 16 September 2004**

### **Irish Setter**

64 Entered.

Outstanding entry of sound dogs and bitches. Unfortunately one exhibit "spooked" and withdrew. Top winners moved so freely with drive a picture flowing. All had excellent scissor bites but disappointing to see some unclean teeth in mature dogs. Wonderful typical coats in rich chestnut with good tail sets. Some good firm arched feet with a few being splayed. An exciting breed to judge such depth of quality.

### **Irish Red & White Setter**

1 Entered.

A strong specimen well presented clean eyes showing no haw. Moved effortlessly. Striking white with solid red patches.

### **Lagotto**

7 Entered.

Appealing - sound breed. All fitting standard - with typical woolly, tightly curled coat. Mature dogs had the required "long eye lashes" Variety colours from off white to brown. All had scissor bite with white teeth. Well developed rounded webbed feet.

### **Nova Scotia Duck Tolling Retriever**

5 Entered.

Delightful breed - numerically small entry. All had a typical alert and jaunty gait being highly active. One exhibit carrying too much weight!! For a working breed. Good double coats and well arched webbed feet.

### **Great Dane**

55 Entered.

What a sight. What an honour to judge so many outstanding dogs and bitches carrying the elegance with wonderful bone structure. Perfect scissor bites with only one exhibit being undershot. Temperaments friendly - all stood solidly on examination. Some, very few did not have arched catlike feet which distracted.

Gait, on my top winners was a joy to watch - full of spring covering the ground. It was certainly a "Ladies Day" with the bitches taking the top honours. Thank you all.

**Friday, 17 September 2004**

### **Schnauzer (Min.)**

74 Entered.

A wonderful entry - a wonderful breed. My winners excellent quality - presentation excellent in top winners. Many exhibits were not in "show" nick. The breed being a hand trimmed one should be "smart" "alert".

Mouths on the whole good. Unfortunately some exhibits had rather large ears.

By now one has become accustomed to our formerly docked breeds having a tail.

Winners movement sound but some exhibits hind movements closed in from hocks down. One or two "soft" coats.

Lovely dark eyes. Be careful not to rush round ring. Thank you all

### **Schnauzer**

44 Entered.

What a super sound entry with excellent steady temperaments.

Good to see so many "clean teeth".

All correct scissor bites sound movement. Free-winners had good reach in front with drive from hind.

Coats well presented giving a smart, alert look.

Being able to handle every exhibit I congratulate the owners keeping their dogs in the "show nick" and losing the steady temperament.

---

---

### **Schnauzer (Giant)**

11 Entered. - A great breed - what sound temperaments - good clean teeth. Presented in "show nick".  
Standing "bold" and steady. Just be careful not to lose height - "it is a giant".  
All moved freely with good reach.

## **Saturday, 18 September 2004**

### **Cocker Spaniel (American)**

All exhibits beautifully presented, in "show nick".  
Quite a variety of sizes. Winners fitted the bill and all were not trimmed over the top!!! Just enough to enhance the dog as the standard allows. One or two level backs. Winners all flowed with good reach and drive.

### **Cocker Spaniel**

64 Entered.  
What quality - in depth. Sound excellent mouths. Well presented all.  
My top dogs were "merry cockers" Good to see the goldens and blacks.  
Excellent tight eyes fitting the colour of coat.  
Winners moved well using hind drive.  
A pleasure to go over such depth of quality in a breed.

### **Boxer**

76 Entered.  
"WOW" - How proud you must be of this wonderful breed. Which you all presented in such excellent condition. All I can say that other than a few untypical mouths, one rather light in eye "For Me" and one or two close behind and "toeing-in" in front - It was a joy to go over your dogs - such beautiful dark "Tight eyes". Wonderful wide lower jaw with all 6 teeth!!  
One cannot hide anything in your breed and my top dogs were in peak condition with super bone & feet.  
I could go on and on - thank you for an outstanding group of dogs.

## **Monday, 20 September 2004**

### **German Shorthaired Pointer**

71 Entered.  
What a wonderful breed to judge.  
The GSP breeders of Australia have taken "balance, soundness, steady" to new heights.  
A great depth of quality - temperaments so sound - every exhibit stood steady.  
Full mouths with sparkling teeth. Gaiting - so proudly reaching fore with drive behind.  
Interesting colours giving an added touch.

### **German Wirehaired Pointer**

7 Entered.  
Smaller entry - of sound exhibits strong wiry coats.  
All exhibits had full mouths, with correct bites.  
Stood nobly - could picture them in the field. Gaited smoothly not losing proud carriage.

## **Tuesday, 21 September 2004**

### **Weimaraner (Long Hair)**

11 Entered.  
Small entry sound dogs. Excellent full mouths lovely soft-coated dogs.  
Covered ground well with flowing gait.

### **Weimaraner**

78 Entered.  
A superb entry sound dogs. Well presented. Wonderful shades of silver. All full mouths with correct bite.  
Very steady group of dogs. Flowed covering ground with firm backs.

---

---

### **Labrador Retriever**

104 Entered.

A strong breed - great depth quality. Very steady exhibits. Excellent display of Labrador colours.

Strong scissor bites.

Some carrying too much weight for working breed with spoilt movement. Mist exhibits had excellent " otter tails"

My winner flowed, covering ground.

An outstanding group of dogs.

### **Wednesday, 22 September 2004**

#### **Golden Retriever**

125 Entered.

Great depth quality exhibits.

Few over weight!!! (working breed) and not having required scissor bite.

My winners were so balanced and strong. Good coats - moved with drive & long stride.

Mostly good tight feet some east to west!! My top winners being Father and son.

A wonderful morning losing myself with your outstanding dogs.

#### **Large Munsterlander**

12 Entered.

What super winners. So solid.

Strong bouncy puppy.

Winners flowed freely round ring.

Strong firm backs when moving.

### **Thursday, 23 September 2004**

#### **English Springer Spaniel**

What a superb group - merry - a joy to go over. All well presented in Show "Nick". Wonderful steady dogs, expression showing "no haw". All had scissor bites & stood steady for examination. Flowed round ring covering ground with drive from behind.

I congratulate the breeders.

#### **Clumber Spaniel**

All absent.

#### **Irish Water Spaniel**

A sound group. Such quality in one of our oldest spaniel breeds. Well presented. Had one or two overweight exhibits - good scissor bites with white sparkling teeth. Wonderful dense coats with required ringlets. Tails had the required ringlets at root and clean towards tip. Wonderful set of family in my winners.

#### **Welsh Springer Spaniel**

A delightful group beautifully presented - shining white & rich reds. Merry winners - covering ground freely - firm cat feet.

All had correct scissor bite.

#### **Sussex Spaniel**

Exhibits fitted the standard. To "AT" winners having distinct roll. Strong body with level topline. Lovely expression. Small entry of sound dogs.

#### **Field Spaniel**

Sound winners. Small entry very pleasing. Extremely steady moving with good extension & drive.

#### **Curly Coated Retriever**

Sound exhibits. Ideal required curly coats well covered, texture allowing dogs to work in all weathers. Strong group - winners of an elegant stance. All good scissor bites with "clean teeth". Top dogs good level backs on move. Gaiting flowed.

---

---

### **Gordon Setter**

An extremely sound set to judge. Shining black coats with deep tan. Quality exhibits - my winners flowed with plenty of drive. Be careful not to loose height in bitches. Excellent temperaments standing bold, dignified, all had sound scissor bites.

### **Friday, 24 September 2004**

#### **Brittany**

16 Entered.  
Such a pleasing "sparkling" breed to start the day. All sound with correct scissor bite, standing steady, moved with strong level back. Very well presented.

#### **English Setter**

42 Entered.  
"Wow" What a display of outstanding exhibits a credit to their owners and breeders. Unbelievable quality throughout. If one has to be "pickie" one or two fall away in group and one or two front "Toed in" BUT what depth of quality - magnificent coats, presented so well. Top winners so true to type.- My Best of Breed going on to the top place Best in Show did not put a foot wrong and gave a display of quality throughout his time in the ring. An honour to go over this breed - congratulations and thank you.

#### **Chesapeake Bay Retriever**

2 Entered - 1 Present.  
Fitted standard well with typical all weather coat.

#### **Flat Coated Retriever**

11 Entered.  
Sound group - with sparkling coats moving freely. With confidence. Sound clean teeth - scissor bite all stood soundly.

#### **Italian Spinone**

9 Entered.  
A good "calm" breed to end ones judging assignment. Winners having a relaxed movement. Two promising puppies coats good wiry.

**Best Puppy in Show** - came from the Weimaraner Breed- outstanding puppy of great strength and flowed into the top position In front of four outstanding puppies namely the English Setter, Irish Setter, and the Pointer.

**Best in Show** - came from the English Setter Breed- a true Show stopper, followed by the German Shepherd Dog moving so well, 3<sup>rd</sup> the Staffordshire Bull Terrier exhibiting soundness and quality and 4<sup>th</sup> to the Siberian Husky another quality exhibit.

I would like to take this opportunity to congratulate and thank Bob Bell and his team for the outstanding manner that every detail for the 2004 Melbourne Royal was performed. Together with my fellow judges Rose-Marie Cabion my colleague from South Africa, Miguel Angel Martinez from Argentina, Diogo Ramlho from Portugal together with the sportsmanship of the Exhibitors making this event a highlight in my life. Thank you one and all. Doreen E Powell

**Thursday, 16 September 2004**

### **Collie (Rough)**

A large entry of top class dogs, great depth of quality. Beautifully groomed, wonderful coats, & well handled. It was a pleasure to judge them, I had difficulty deciding some of my placings as there were so many really good dogs that I liked, I could have placed a number of dogs first - however I was delighted with my final choices and congratulate the Collie Breeders on the quality of their dogs.

### **Collie (Smooth)**

I was impressed with the soundness of these dogs. Correct type, & well balanced, they were also a credit to the breed. They displayed the typical head & expression so much desired, and bar one or two dogs, very good ears. Correct movement, excellent condition. They were well shown & handled.

### **Basenji**

Some well balanced graceful dogs that moved with long free strides and displayed the much desired wrinkled forehead, correct ears and arched reachy neck. One or two were a little longer in body than desirable but on the whole, a strong entry of quality dogs that bodes well for the breed.

### **Borzoi**

What a wonderful entry of these truly aristocratic dogs. Some beautiful heads, correct topline, wonderful coats. The grooming and handling was top class. One or two dogs rather overweight, but generally they were in first class condition and I loved judging them. My Winning dogs were a credit to their Breed.

### **Norwegian Elkhound**

Only one entry, but a typical young dog of correct shape and size and good colour. He was well presented and shown.

### **Otterhound**

None shown or entered.

**Friday, 17 September 2004**

### **Belgian Shepherds**

I was delighted to get all four varieties of Belgian Shepherds, and even more delighted that they were as typical as they were.

#### **Belgian Shepherd Dog (Groenendael)**

Some good ones, well balanced, typical heads, wonderful coats, well presented & shown. One or two were a little shy but generally the temperament was excellent. Good movers.

#### **Belgian Shepherd Dog (Laekenois)**

What a lovely surprise to have two such nice ones. My male was really good - super coat.

#### **Belgian Shepherd Dog (Malinois)**

Only one bitch pup but such a sound one - good moves too.

#### **Belgian Shepherd Dog (Tervueren)**

Also very typey, sound moves, lovely heads & correct body shape. I felt that some really good specimens coat colour was verging on becoming too pale, something to watch. There were a number of good nicer fawn colours though.

### **Old English Sheepdog**

A lovely entry and the type was so good, lovely strong heads, good mouths, little compact bodies with well sprung rig cage. Some of the coats though were very different. There were the majority that had the lovely profuse hard coat with under coat, then there were the rather open coats, and the soft almost silky ones, perhaps this was due to coat change.

---

---

**Puli**

A good entry of these interesting dogs. My top ones were fabulous, correct coats, heads, wonderfully shown & presented. A couple I found a little too long, in body, and one did not have the required pigmentation of mouth or body.

**Welsh Corgi (Cardigan)**

What a delight to find so many good ones. Lovely heads, coats, topline good, excellent movers and well shown. Presentation was good.

**Welsh Corgi (Pembroke)**

A large entry of Quality dogs.

So many excellent ones, it was a great pleasure to judge these beautifully groomed, well handled dogs. Mostly very good topline super bone, some gorgeous heads and almost all the dogs were in full coat. It was difficult to make my final placings because I loved so many of them. The Corgi people are to be congratulated on having such a high standard of dog.

**Basset Fauve de Bretagne**

Only one young one, but so correct, promises to be good on maturity.

**Greyhound**

One of my 5 favourite breeds.

My experiences with these dogs is that they take a good few years to mature and come into their own. I liked the ones I judged and my best of breed winner was a most beautiful dog.

**Petit Basset Griffon Vendéen**

Another breed that takes a while to mature, my winners were very good. Some of the dogs were quite out of coat.

**Pharaoh Hound**

Only a few, but some delightful ones to judge. Good type, nice heads.

**Saluki**

A wonderful entry of these graceful dogs.

I was delighted with the overall depth of quality, correct type, elegance, and condition. I found some beautiful heads and expressions, some ready good movers. They were all well handled and in top condition. I enjoyed judging them.

**Saturday, 18 September 2004****Swedish Vallhund**

A nice entry of this very attractive breed. I found most of them very typical, good type all round actually, strongly built, strong boning was evident in all of them, they moved soundly. The colour and markings were correct, and all had the correct shape heads.

**German Shepherd Dog**

I very much enjoyed judging these beautiful dogs. My top dogs and bitches were quite fantastic in their presentation, soundness, and general balance.

Beautiful heads, dark eyes, excellent coats, and the movement was a joy to behold.

Some very professional handling finished the picture. Congratulations to the G.S.D. Breeders on keeping the conformation so correct, and last but not least, what lovely temperaments. Thank you for exhibiting your super dogs under me.

**Bearded Collie**

Some beautiful Beardies, so well made, good heads, beautiful coats, so well presented. They had good substance, very well balanced, lovely temperaments and handling was top class. A pleasure to judge.

**Irish Wolfhound**

Only a few but some good ones.

Size and substance was good, they were all very sound which is gratifying in such a heavy dog, they moved well and were well handled. Nice gentle temperaments.

---

---

### **Rhodesian Ridgeback**

I thoroughly enjoyed judging the Ridgebacks. I found a great many really sound typical dogs with the correct heads and expressions, all but one.

Ridge and crowns were excellent, lovely strong athletic bodies and my top ones moved soundly. One or two rather too deep in muzzle or broad in skull and a couple too long in loin, but otherwise what a joy to discover so many really superb specimens. Thank you for showing under me.

## **Sunday, 19 September 2004**

### **Dachshund (Smooth Haired)**

A very strong breed - lovely heads, necks - impressive toplines, nice deep bodies strong bone and feet - extremely good movement - What more can I say - they were lovely - well handled. Congratulations Breeders.

### **Dachshund (Min. Smooth Haired)**

Some very attractive specimens. Well Balanced, lovely necks, shoulders, nice deep bodies, long level backs of great strength and good movement. Sound well placed feet. I would prefer a tighter lip on some of them - my comments on the lips of some of the min long haired dogs would apply to some of the min smooths as well, but my winners and runners up were very pleasing and condition was good.

### **Dachshund (Wire Haired)**

Again this breed is lovely, good heads, necks, lovely strong bodies good top lines and great moves, but oh dear - so many soft coats. It is well worth trying to get your coats right as the coats are spoiling otherwise very good specimens.

### **Dachshund (Min. Wire)**

Very nice type, size, heads, deep bodies, lovely strong toplines and sound moves, but most had very soft coats - which is such a shame, as the rest of the dog is so good. Apart from some of the soft coats I thought the dogs excellent.

### **Dachshund (Long Haired)**

All good quality exhibits. I was particularly impressed with the very good toplines, substance and good sound movement. Nice heads and head carriage, prominent breast bone, strong bone and sound feel. Lovely deep chests.

They were well presented and shown.

In first class condition - a credit to the Breed.

### **Dachshund (Min. Long Haired)**

An excellent entry of these charming little dogs. Some very well balanced sound specimens, I was pleased to see very strong toplines and movement.

Good boned nice strong feet. Most were in good hard condition but some were very overweight. I would also like to see less "lip" on some. The standard states that lips should be "tightly drawn, well covering the lower jaw, neither too heavy nor too sharply cut away". My winning dogs and runners up were really good.

## **Monday, 20 September 2004**

### **Australian Cattle Dog**

A wonderful entry of top quality dogs.

Typical Broad heads, correct ears, nice dark eyes, Powerful bodies and mostly hard top coats, some dogs were moulting & lacked undercoat, but what can you expect at this time of the year. My top winners gave the impression that they could do the work they were bred for. Well handled. They were a pleasure to judge.

### **Australian Kelpie**

A lovely entry of these workmanlike dogs. My Top Winners were in good hard condition, some good heads, correct bodies, correct coats.

They moved strongly on well boned legs, and gave the impression that they were ready for a days work. I enjoyed judging them.

---

---

### **Australian Shepherd**

A very good entry of these beautiful dogs. I was very impressed with the standard, mostly good heads, well balanced bodies, lovely boned feet & superb coats. They were beautifully presented & well shown.

### **Australian Stumpy Tail Cattle Dog**

Only a few, but what a pleasure to find such strong typical Stumpy tails. I so enjoyed going over these dogs. Good strong heads, muscular bodies, they moved soundly and were well shown.

### **Bouvier Des Flandres**

Only 6 but what lovely substantial dogs. Very good size, lovely heads, nice dark eyes, and wonderful coats. They were well shown. Good movement.

### **Briard**

What a happy breed, They were all full of the joys of spring which made their handlers work. They were mostly very typical, with correct conformation, good heads, lovely coats, and strong movement.

### **Shetland Sheepdog**

A huge entry of the most exquisite dogs. A few were unfortunately quite out of coat, but the greater number were in full glorious coat. I thought the depth of quality was tremendous, and handling & presentation was excellent.

## **Tuesday, 21 September 2004**

### **Beagle**

I was impressed with the overall quality of the Beagles, some lovely heads, and substantial bone, excellent toplines and depth of body. My winners were top class, in lovely condition and very well shown. They were very typey.

### **Whippet**

My treat for the day was the fabulous entry of fabulous Whippets. Unfortunately so many top class exhibits went unplaced as there were just too many good ones and not enough first places!!!

I found many of the type and size that I was looking for and just loved the beautiful heads and expressions, elegant necks, depth of bodies, gentle curves and good angulation - both front and neck. My top winners all had that marvellous long easy daisy clipping side movement that is so indicative of a quality Whippet.

Congratulations to the Whippet breeders who have managed to keep the breed so typical of the Breed Standard.

### **Foxhound**

Only a few of these handsome dogs but very typical sound specimens, in tip top condition and well handled.

### **Hamiltonstovare**

Disappointingly, there was only one, of this attractive breed. He was typical.

### **Harrier**

What an attractive breed. I liked them very much. They had good heads, balanced bodies, nicely boned good substance. Some needed a bit of ring craft. Lovely type.

## **Thursday, 23 September 2004**

### **Basset Hound**

What a wonderful entry of superb Bassets. Tremendous substance, well balanced bodies, lovely bone, sound joints, & good feet, lovely deep bodies - and - extremely good movement. A pleasure to judge. I loved the heads as well.

### **Afghan Hound**

In this elegant breed I found several that I really loved. They were in beautiful condition & very professionally handled. Some wonderful coats & colours. I had a few different types in my winners, but I loved them all. All my winners had good heads, lovely necks & shoulders & were sound stylish movers, with excellent toplines and great style.

---

---

### **Deerhound**

A delightful surprise to find so many sound, beautiful Deerhounds with wonderful bone, crisp coats, typical heads & dark eyes, substantial bodies, and extremely sound movers. I loved judging them and congratulate the Deerhound people on keeping the breed so typical and sound.

### **Finnish Spitz**

What an attractive breed. My winners all displayed the correct coat colour, and texture, pretty heads, lovely dark points, and moved and showed well.

### **Ibizan Hound**

### **French Bulldog**

A very good entry of dogs: altogether there were 41 dogs. Good quality in general, some dogs with excellent heads, movement and proportions. I saw that some males and females had too long muzzles. The winner male is very correct. He has an excellent movement, very good structure and temperament, good chest depth and a correct top line.

The winner dog is a young specimen of great quality, excellent head, movement, bone and muscle. Furthermore, its coat is exceptional.

---

---

### **Yorkshire Terrier**

A good number of dogs. Some of them were of good quality. I was surprised to see that a great number of dogs, when moving or standing still, always had their tail carried down. Many dogs' hair lacked of quality. The breed winner is an excellent bitch, with good proportions, very good hair and good movement.

### **Keeshond**

A very good number of dogs exhibited. Very good type and hair quality. Excellent movements and heads. Clearly distinguishable sexes. The breed winner (a female) and the second dog (a male) were of excellent type. Both have excellent heads and movements.

## **Mr Diogo Ramalho**

## **Thursday, 16 September 2004**

### **Staffordshire Bull Terrier**

Generally the exhibits were of an even type and quality. I especially was pleased with the quality of the heads and their size. Good proportions of height to length ratio, showing a compact appearance when viewed from the side. Generally all colours were within the requirements of the standard. They had excellent character and temperament, with only a couple outside the required size. My Best of Breed has all the characteristic and quality of a champion, with especially good bone and excellent movement. Overall a quality dog.

### **American Staffordshire Terrier**

This breed was not as even in quality as the breed I judged earlier today, Staffordshire Bull Terriers. I found many heads with vastly different planes, which are not correct and very many different types of ear carriage and different ear set, most too low. I also found some with light eyes. When moving away, some moved too close for the breed. Best of Breed was a very good type overall, correct proportions of head to skull, correct zygomatic arches over the eyes and correct eye colour. This dog had the correct forequarters and hindquarters that resulted in the correct movement in all directions. Runner Up Best of Breed was a real showman when moving around the ring. Similar in type to my best of breed, but overall not as good in conformation as the winner.

## **Friday, 17 September 2004**

### **Jack Russell Terrier**

This breed was of good type and correct shape, but would like to have seen dogs which were not as tall as those presented. I would have liked the perimeter of the ribs to have been closer to the standard of 40/43cms. I found other characteristics of the breed to be correct.

### **Manchester Terrier**

Best of Breed was the puppy dog, which I found to have a very short-coupled body, with good spring of ribs, good straight legs and correct angulation. I was most impressed with his lines in skull and muzzle, excellent ears.

---

---

### **Parson Russell Terrier**

Only three entries. These exhibits were quite different in size and shape. Challenge bitch was also Best of Breed and in my opinion was of correct type, up to the limit in size, with correct flat head and quite typical eyes and ears which were both correctly placed. An excellent mover.

### **Skye Terrier**

These were overall of excellent quality, with good ratio of height and length of body. The Best of Breed, the black dog, had an excellent coat, very well presented. The Runner - Up Best of Breed, a grey dog, was a good-bodied dog and moved very well.

### **Soft Coated Wheaten Terrier**

The five dogs presented were of excellent quality, with compact bodies, good short loins and level backs. Typical abundant coats, soft and silky. Good movement.

### **Tenterfield Terrier**

Two outstanding dogs, good heads, correct ears. Required substance with good bone. Both had correct angulation and moved well.

### **Shiba Inu**

I liked the Shibas presented to me. Correct size of bodies, typical heads, with the small inclined forward ears. The exhibits were within the prescribed colours and all with typical "URAJIRO SHAPES". Both Best of Breed and Runner-Up Best of Breed are of excellent quality and certainly within the quality of Champions.

### **Bernese Mountain Dog**

This was an exceptionally good quality breed. Most had typical tri-colour correctly symmetrically placed where required by the Standard. Some individual exhibits failed in movement.

## **Saturday, 18 September 2004**

### **Samoyed**

Some of the exhibits in this breed were excellent. Good construction, excellent broad skulls with the required medium length muzzle. Correct pigmentation of nose and eye lids. Correct almond shaped eyes. Ears well set and erect. Generally, both fore and hindquarters had correct bone, muscle and angulation. With most exhibits displaying the correct white with occasional shades of biscuit. Best of Breed, dog, and the Runner-up, bitch, were of excellent quality and could be winners in any part of the World.

### **Lakeland Terrier**

Adults and youngsters were of excellent quality. Compact bodies, correct length of head, with the required powerful jaws. Ears well placed and folded. Coats were within the typical colours. Best of Breed, particularly good angulation, with excellent low hocks which produced the correct drive in the hindquarters.

### **Australian Terrier**

I was pleased to have the honour of judging this well-established Australian breed. Quality was uniform throughout the classes. Excellent long heads with the required length of body. Because of the correct angulation most exhibits showed good movement. It was pleasing to find the harsh coats as required by the Standard.

## **Sunday, 19 September 2004**

### **Siberian Husky**

The dogs were better than the bitches. Very few bitches displayed the typical sickle tail movement and some exhibits had the incorrect sideways carriage. I was pleased to give Best of Breed to an Australian Bred exhibit. The top three exhibits BOB, RUBOB and Bitch CC were indeed excellent exhibits. With correct medium size skull with medium length muzzle, in one to one proportions. Ears good triangle, close fitting. Body height to length ratio excellent. deep chest, straight backs. Both fore and aft quarters, well-muscled and correct angulation. This gave these exhibits the important movement required in this breed. The Best of Breed was outstanding.

---

---

### **Newfoundland**

It was difficult to find the correct type in this breed; however, the Best of Breed was closer to that required in this breed. This male had the necessary broad and massive head qualities, with good proportions of short but square muzzle, dark brown eyes well set apart. Correct bone with a well built body and deep chest. Both fore and hindquarters displayed correct angulation.

### **Anatolian Shepherd Dog**

Only one he was typical of the breed, with a strong head, correct muzzle and skull proportions. Good small eyes and ears correctly folded and falling close to the head. Short back with deep chest well tucked up in the loins. It was good to see the typical black muzzle.

## **Monday, 20 September 2004**

### **Fox Terrier (Wire)**

I would have expected to see more compact bodies in this breed. The required long head with sufficient length of muzzle was found in most exhibits. Generally ears were well placed giving the required expression to both dogs and bitches. Many exhibits failed because of movement, particularly in hindquarters where drive was lacking. In this respect I preferred the bitches to the dogs.

### **Fox Terrier (Smooth)**

I was pleased with the overall quality of this breed, with the exception of a few exhibits, which were oversize. I found good heads, with correct small dark eyes and good length of skull and muzzles. The majority of exhibits put before me had short backs and correct set tails. Most exhibits had correct conformation, with fore and hindquarters which gave correct gait to the exhibits.

### **Border Terrier**

I should refer to typical good heads in both dogs and bitches; however, I found the majority of exhibits to be somewhat oversized. I would have liked to have seen better ring training of a number of exhibits.

### **Airedale Terrier**

These were of good type. Correct in body ratio and with the required angulation which produced excellent movement. I found extremely good length of heads. These exhibits were very well presented.

### **Kerry Blue Terrier**

only two exhibits, one puppy dog and an open bitch. Both were typical. Each presented the required characteristics of the breed.

### **Welsh Terrier**

Very good quality in this breed, both with conformation of bodies and type. Correct colours. Shown in hard condition.

### **Dogue de Bordeaux**

Type of this breed needs great attention from breeders in order to get to the correct volume of head, with short but square muzzle. I was disappointed with the movement of exhibits.

## **Tuesday, 21 September 2004**

### **Rottweiler**

I would like to mention that about 50% of the exhibits had medium to superior characteristics of the breed and the other 50% were lacking good type. The Best of Breed had correct size of body, that is length slightly more than height at withers. Nice broad skulls, with stop well defined and ears well placed and folded. Generally good long and free movement.

### **Bullmastiff**

Generally good heads with correct proportions of one-third muzzle to two thirds of skull, giving a good ideal square head. Good circumference of skull equalling the height of the dog at the withers. Generally I found dark eyes of the correct colour and shape with ears well folded back. Bodies in general were short and compact with good bone. Correct fore and hindquarter angulation was present in most exhibits, however; in general all exhibits could have displayed better movement in the ring.

---

---

### **Neapolitan Mastiff**

I would split this breed in half, good quality exhibits and the other half, poorer or faulty. Overall I would have liked to have seen more typical heads, more massive and broad skulls. Also more muscular mass in bodies.

### **Mastiff**

Good size of exhibits but missing out in type. Heads require more attention to improve the overall breed standard requirements. Also more training required for the presentation of exhibits in the show ring.

### **Portuguese Water Dog**

With the exception of a couple of curly coated exhibits, I liked to see an Australian Bred winning the Breed. It was a very pleasant type. Large and well proportioned heads and nice square and short bodies. Well-placed and well-shaped ears with well-rounded eyes. Straight good bone with good angulations. Typical membrane on the feet. Tails plummeted, nicely carried. Free movements.

### **Tibetan Mastiff**

Few exhibits with the distinctive two types of heads and expressions. Overall correct size of bodies. Movement needs to be improved.

### **Cairns Terrier**

Overall good quality exhibits in the breed with nice small heads but broad skulls and strong muscles. Generally eyes well-set, good dark colour. Most ears correctly placed. correct level backs, short and well placed tails. Most exhibits had good movements and showed typical harsh coats.

## **Wednesday, 22 September 2004**

### **Bedlington Terrier**

In this breed I have seen throughout very good quality both in dogs and bitches. Very good expressions, narrow skulls with long jaws, small and deep set eyes. Ears of moderate size, hanging close to the head. Both forequarters and hindquarters with good bone and good angulations. Typical arch in the back with good tucked-up underline. Typical coats and colours.

### **Dandie Dinmont Terrier**

Quality only reaching average type. The exhibits shown can be improved with better trimming, especially on heads. Structure of bodies was quite correct and within the standard characteristics.

### **Irish Terrier**

Good quality throughout the exhibits shown, especially good long heads with flat and narrow skulls, strong jaws. Ears well folded and small. Nice lines in necks and bodies, showing substance and power. Typical wire coats in correct colours.

### **Norfolk Terrier**

Good type, short and compact body, well proportioned. Nice broad skull and small muzzle. Coat was typically wiry, in good colour.

### **Norwich Terrier**

Throughout the breed I have seen some very good quality exhibits with proper type. Nicely compact and strong bodies with good bone. correct heads with wide skulls, full of expression with ears well erect. Typical short legs with broad and strong hindquarters. Quite good movements. Typical wire and good coloured coats.

### **Scottish Terrier**

Generally good quality throughout the exhibits with excellent heads showing long skulls and muzzles. Ears very well pointed and erect with pleasing expressions. Bodies with well rounded ribs and deep chests and straight backs. Typical double coats in good colours.

### **Sealyham Terrier**

I especially liked the type of the Best of Breed with the oblong outline. Pleasing head and good strong jaws. The ears were well carried on the side of the head. This exhibit had the characteristically short legs with deep and broad chest, level topline. Texture and colour of coat typical.

---

---

### **West Highland White Terrier**

I would like to have seen most of the exhibits with shorter backs, at least bodies not longer than the Best of Breed, which was very compact. Larger heads desirable. Shorter bodies will also improve angulation in fore and hindquarters and therefore movement.

### **Black Russian Terrier**

General good quality in the breed with exhibits on the large size, quite robust and rustic. Pleasing narrow and flat skulls. Ears high set, small and oval and dark eyes. Pleasing soft coats in good black colour.

### **German Pinscher**

Exhibits averaging very good to excellent type. The Best of Breed had quite a robust and long head in good proportion to a square body. Good muscles and angulations. Excellent movements.

### **Kangal Dog**

General good outline of a large sized dog with black muzzle, nice broad head and ears well placed. Would like to have seen better scissor bite. Nice neck and top line, good front and good angulation of hindquarters. Good and free movement.

### **Leonberger**

Quite different types of head but I especially looked for the parallel lines between skull and muzzle with medium stop. No problem with strong jaws and scissor bites. Fore and hindquarters with good bone and angulation. Most exhibits had the proper ratio of 10% longer bodies than height and good depth of chest. Coats long and of good colours.

### **Pyrenean Mountain Dog**

Average good quality of exhibits with good heads, good size of bodies and generally excellent white coats. All the exhibits showed double dewclaws as required by the Standard of the Breed. Generally good movement and good character.

### **St. Bernard**

While a few exhibits were of excellent quality, others did not average better than good to very good. That means I have found very good typical heads and bodies, which had top classifications. I found the major problems in some exhibits to be too much divergence lines of skull and muzzle. I should refer that the Best of Breed is of outstanding quality, very pleasing and friendly temperament, massive head with perfect proportion between muzzle and skull, ears well placed of medium size. Extremely well balanced body, well levelled top line, with broad and strong back. Nice deep chest. Excellent bone and angulations. Coat in good condition and of good colour. Outstanding in movement.

## **Friday, 24 September 2004**

### **Alaskan Malamute**

It was a Breed of high standard characteristics throughout the large number of exhibits. Well-muscled bodies, powerful and very pleasing appearance. Good broad heads with triangular and erect ears, eyes generally well placed and of good colour. Excellent bone and legs with good angulations. Steady and efficient movements showing strength and endurance. Best of Breed and Runner-up apart from the above displayed good characteristics had excellent coats, both in colour and markings.

### **Akita**

I found half of the exhibits were of excellent quality and the other half lacking some important characteristics. The good type dogs had good substance and heavy bone. Large broad heads, with typically positioned heads, well proportioned to well developed bodies, with levelled backs and. Typical course outer coats and quite dense undercoats. Both fore and hindquarters were quite well lined up giving excellent angulation and good movement.

### **Bull Terrier (Miniature)**

Apart from the Best of Breed and Runner-up, I believe this Breed has much to be improved. Not only in heads but also in size of bodies. That is better proportions of height and length of bodies, as well as in compactness. I found that most exhibits had good triangular eyes and good line as well of skull and muzzles. I would like to have seen more regular movement. Colours were typical.

---

---

## **Bull Terrier**

Few exhibits but strongly built, muscular with good expressions. Pleasing egg-shaped heads, long with muzzle and skulls in good proportion. Correct erect ears and eyes of triangular shape. Bodies with well ribbed chests of good depth. Good short back lines with well-muscled loins. Both fore and hindquarters with good bone and angulation allowing for correct movement covering a lot of ground. Typically short and flat coats, either pure white or brindle.

### **Best In Groups and Best In Show**

Very pleased to review the Best of Breeds (BOB) of Terrier and Utility Groups again on the final day of the show and re-confirm the quality I had classed before. Recalling, I picked up the following best of breeds of each group:

**Terriers - Puppies:-** Wire Fox, Irish, Bedlington and Airedale (Best Puppy the Wire Fox)

#### **Terrier (BOB) In Group**

- 1st - Staffordshire Bull Terrier
- 2nd - Bedlington Terrier
- 3rd - Norfolk Terrier
- 4th - Lakeland Terrier

**Utility - Puppies:-** Samoyed, Akita, Black Russian and Shiba Inu (Best Puppy the Samoyed)

#### **Utility (BOB) In Group**

- 1st - Siberian Husky
- 2nd - St. Bernard
- 3rd - Akita
- 4th - Alaskan Malamute

The quality was there, and certainly the owners of the Staffordshire Bull Terrier and of the Siberian Husky were placed 3rd and 4th Best in Show. Would conclude my comments about the breeds that some need attention regarding type and/or size. However, most were of very good high standard.

The good work and the excellent relationship with my colleague judges – from South Africa Mrs. Doreen Powell and Mrs. Rose Marie Cabion, and from Argentina Mr. Miguel Angel Martinez - was certainly helpful to maintain the high standard of judging during the ten days of the show. The well-organised ring work was due mainly to the good knowledge and the concentration of our ring stewards. Would like to extend my thanks to Bob Bell and his committee for the prompt attention given to all technical matters required during the show, especially for the large rings available.

The great hospitality and friendship during these last ten days have certainly made a warm trip to Melbourne and I end with my thanks to everyone involved.

## Judges Critiques as presented – Pedigree® Owner, Breeder Handler Sweepstakes Winners

I would like to thank the R.A.S.V. Dog Committee and its Chairman for giving me the privilege of judging the first Pedigree Owner Handler Sweepstakes at the 2004 Royal Melbourne Show.

I would like to take this opportunity to thank all exhibitors for their entries and the way they accepted my decisions on the day.

### 1. GR CH ILLAHEE MIGHT AND POWER (Siberian Husky).

This dog is an excellent specimen of the breed. He conveys the important breed characteristics of medium size, moderate bone, well balanced proportions with ease and freedom of movement. His attitude to his handler and with a clean correct head, intelligent expression and good tail carriage, made it a pleasure to award this dog the winner.

### 2. WESTPRIORS BLACK N XCESS (Poodle) (Miniature).

This exhibit was a very stylish and elegant young bitch. She had a pleasing head with correct dark eye and ear set.

She had a good length of neck, with good quarters, and depth of chest with good carriage of tail giving a very pleasant outline for this breed.

### 3. GR CH HAHNDORF FLIRTY GIRL (Dachshund Miniature) (Smooth Haired).

A very good feminine representative of the breed. She had a good clean head with a medium size dark eye and moderate length high set ear.

This exhibit had a very pleasing neck into topline with a correct tail set. She had good well angled quarters with a firm compact body. Perhaps a little more of a defiant carriage would have enhanced on the day.

### 4. GR CH KEZZIAH EARLY OPENERS (German Shepherd).

This dog was a good sound and well balanced animal. He had a good wedge shaped head with a correct medium sized eye and ear set. He had good shoulder blade and upper arm placement giving good reach on the move with a firm topline. He had a well developed chest and good hindquarters with upper and lower thighs and fairly firm hocks. Would have preferred a little sharper attitude.

### 5. CH PENDORIC PERFECT THYMING (Irish Setter).

On the stack this dog gave a very pleasing outline for the breed. He was shown in excellent coat and condition. He had a good long lean head with a good eye and well set ears fine in texture. He had a good length of neck, straight forelegs, plenty of bone, good depth of chest, firm topline, with good hindquarters. I would have preferred a little tighter movement.

# Judges Critiques as presented – Obedience & Agility

## Obedience - Trial

### Dogs

#### Utility

It appeared to be a mixed class of experienced dogs and dogs just starting UD. Although there was some good work a lot of dogs did find working on concrete quite challenging. It was interesting that competitors felt that a judge approaching the dogs from left front in food refusal was causing a problem! My winning dogs deserved their scores and all the dogs were a pleasure. There was not one dog in the class that should not have been there.

#### Open

The standard was good in this class, although again we had dogs feeling their feet on the surface it is strange that although we all trial in Australia differences occur from state to state, exiting the figure eight being one. I am used to dogs leaving in a straight line wherever they are heading, so got thrown when handlers left the figure eight then went across the ring!

#### Novice

Congratulations to the dogs that obviously are new to training but coped so well. My top dogs were great which bodes well for the future of our sport. My winning dog could win anywhere they competed, I loved the combination.

My overall impressions of today's work was, too many extra body signals spoiled the smoothness of the dogs work, bending knees to send a dog out on retrieve for instance is not necessary, so why do it.

My stewards were first class and made my day very easy, thank you.

#### Bitches

On the second day of judging we sadly did not get any passes in utility, but that is utility a small mistake and your gone. However the quality in the novice was excellent with a couple of dogs showing great promise for the future. My winner was well handled and gave a fabulous display of work. Open was a disappointment, not I hasten to add because of the quality of work, but because so many lovely dogs non qualified one exercise even though the rest of the work was great. However my winning dogs did well to hold themselves together and produced some very nice work.

Again extra body signals were apparent and making the figure eight into two 'eggs' instead of two circles caused points to be lost unnecessarily.

Again my stewards made my day easy and I thank them for their hard work.

## Agility

Third day of judging saw the Agility dogs come out to play and we had a great time. The obvious distractions caused problems for a few dogs but overall the standard was good. I always like to have my 'pick of the day' handling wise and that was nothing to do with the success or otherwise of the dog being run. One handler, I kept calling her 'Miss Pink Hat', (yes guys she had a pink hat on!) impressed me immensely not only is she, as a lot were, a good handler but she ran the courses how she walked them. I have to say not many did! It was a great day and I thoroughly enjoyed myself thank you everyone for your good humour and sportsmanship.

## Best In Trial

My final task is to judge Best In Trial. Congratulations to the five finalists who are:

1954 J E Wilmot: O.C INIFF EXCALIBUR (V)

3536 Mr R Ciantar: SANDUKA LORD OF THE RING

1953 Mrs L M Jones: OC JYETARA A LEGEND [A Z H] A.D.M, J.D.M, HIT.,T.D

1654 Miss B A Smith & Mr G R Young: COPPERTOP CATCH A LOOK TD

3258 Miss L Johnson: DUAL CH NEIGER CIRCUS ROSE E.T, J.D, & AM U.D, N A, N A J

You are all winners but today there can be only one 'winner of winners' congratulations to:

1954 J E Wilmot: O.C INIFF EXCALIBUR (V) for an excellent performance and good luck in your future trialling.

I cannot close without thanking my wonderful stewards, the Dog Committee and the RAS staff, everyone of them has gone out of their way to make my trip happy and memorable and they succeeded. Thank you all so much.

Jill Houston (WA)
