Message from

Mr MARK O'SULLIVAN

RASV CEO

The Royal Agricultural Society of Victoria (RASV) is proud to present the 21st Australian International Beer Awards (AIBA), the pre-eminent celebration of beer and brewing excellence in the Asia Pacific region.

In 2013, the AIBA received record entries from more than 277 brewers from 35 countries. In excess of 1,490 beers from a range of styles were assessed by the expert panel of judges during one week of judging at Melbourne Showgrounds, an increase of 12 per cent on the previous year.

We were pleased to see that the success and reputation of the Awards lead to a 17% increase in Australian entries received in 2013, while international entries also rose in key brewing regions including Brazil (40%), New Zealand (37%), Japan (31%) and the United States (3%).

Judges from across Australia were joined by internationals from Norway, Belgium, United States, United Kingdom, Japan and New Zealand who came together with Chief Judge, Brad Rogers, to assess the beers and award the medal and trophy winners.

The AIBA could not be a success without the contribution of hundreds of people across a wide variety of organisations.

Thank you to our panel of judges who donated their time and expertise to benchmark and provide valuable feedback to a wide range of entries; to our stewards and support staff; to the University of Ballarat for its continued support as our event partner; to our sponsors and to the media for embracing and promoting the Awards and finally to our exhibitors who support the Awards by putting their beers forward for industry peer based assessment.

We would also thank our AIBA Industry Advisory Group who have provided valuable guidance on the direction of the Awards throughout the year.

Thank you also to Chief Judge, Brad Rogers, for sharing his knowledge to continually improve the AIBA for exhibitors and judges alike, and Chief Steward, Craig Bowen, for his knowledge and assistance. Special thanks to our Epicure team for their hard work and commitment to the AIBA.

Chief Judge's Report

Report on this year's awards by

Mr BRAD ROGERS

AIBA Chief Judge

The Australian International Beer Awards (AIBA), under the guidance of the RASV, University of Ballarat and the Industry Advisory Group continues to respond to both the Australian and international brewing industry. A number of changes and initiatives were introduced this year to the judging process and trophy line up to better reflect the beer and brewing industry, making the AIBA an exciting and progressive Awards Program for Australia. The introduction of the third tier medium size brewery trophy this year is testament to this change in recognising, in particular, the global growth in the craft sector.

In my first year as Chief Judge we saw outstanding quality in the AIBA judging panel with 42 dynamic local and international experts coming together to assess each entry to unearth the best of the best.

Stand out classes this year included beers competing for Best Stout, with 49 medals awarded, Best Amber/Dark Ale with 48 medals awarded, Best International Pale Ale with 43 medals awarded and Best Belgium & French Style Ale with 55 medals awarded, 11 of these gold!

We were pleased to have a gold medal awarded in the Gluten Free Beer Class this year, a first for this style of beer at the AIBA. This is a great result and a reflection that this beer is of the highest standard and quality in its category.

The new five-day judging format provided greater consistency and benchmarking of beers entered, with the panels working together in a convivial environment to find the medal and trophy winning beers.

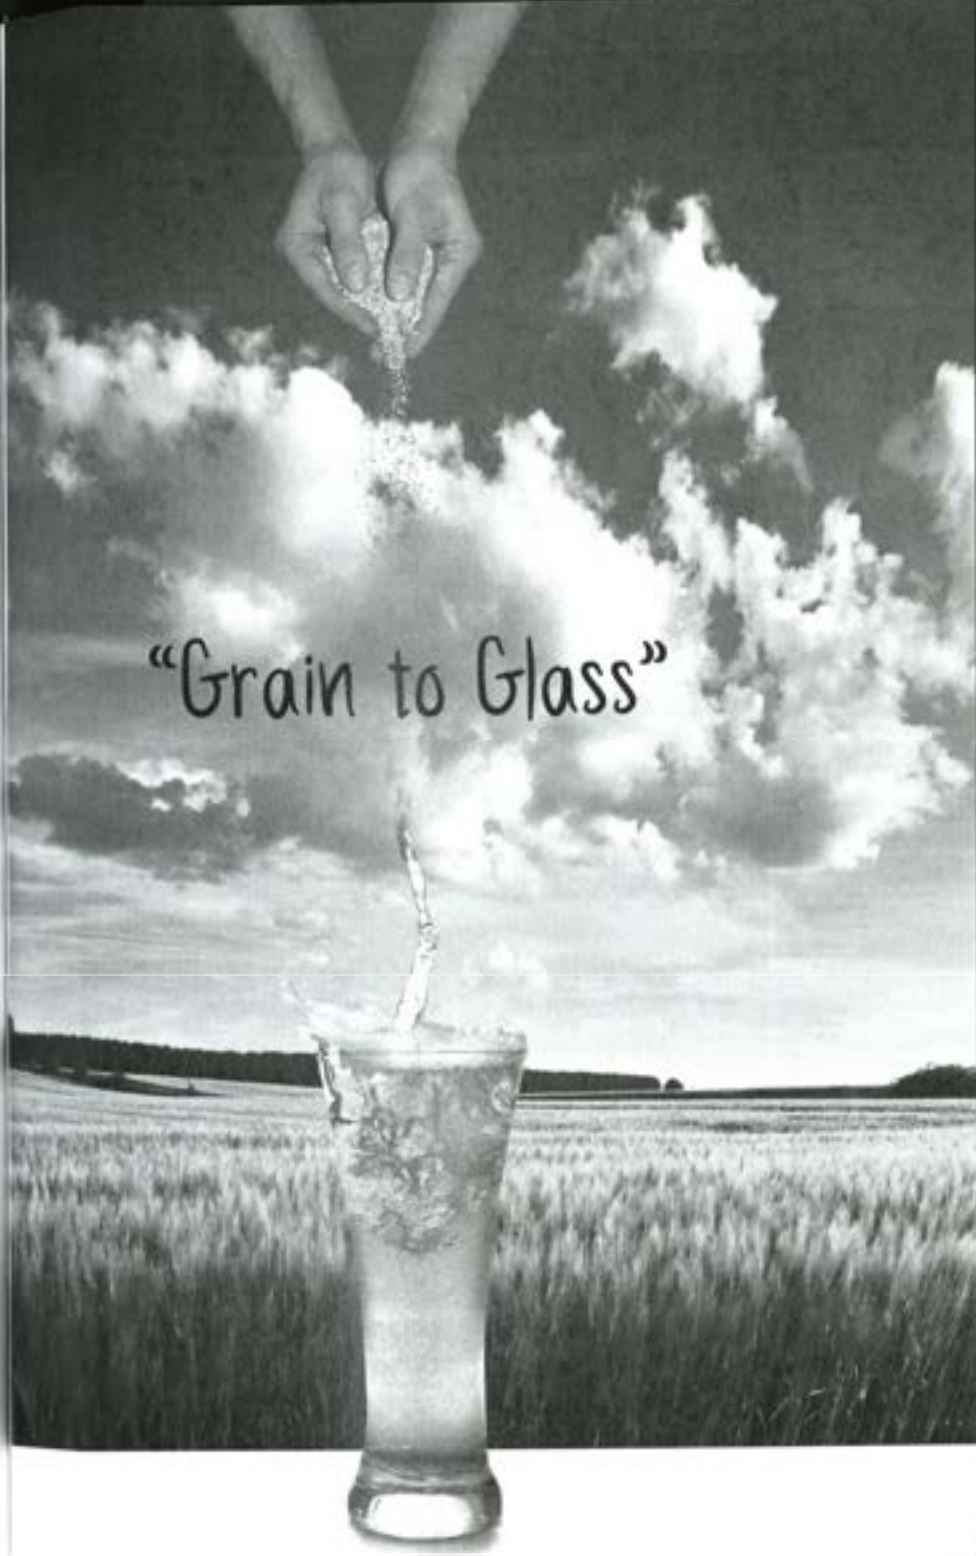

The introduction of laptop technology also streamlined the judging process and is an industry first for any beer awards across the world.

During judging we welcomed a high number of industry representatives to assist as stewards from retail, bars and breweries who provided fantastic and invaluable support that is crucial for awards of this size and magnitude.

On behalf of the RASV and the University of Ballarat, I thank the judges, stewards and back of house team for their support and commitment to the AIBA.

Finally I wanted to thank and congratulate the RASV team for the delivery of another successful AIBA.

Brad Rogers
Chief Judge

The winners of the 2012 Australian International Beer Awards (AIBA) Champion Large Australian Brewery and Champion Small Australian Brewery joined forces to produce a limited edition collaborative beer, called Pig Pen.

Brewed at Wig and Pen Brewery and Tavern in Canberra, Pig Pen is an innovative 'free range ale' and contains ingredients sourced from around the globe, including malt from the UK, wild and conventional yeast from Belgium and the US, and hops from Australia.

Richard Watkins of Wig and Pen Brewery and Tavern said, 'We sought inspiration for Pig Pen from the AIBA's international flavour, sourcing ingredients from around the world to develop a free range ale'.

'Brendan and I used malt, hops and wild and conventional yeast, as well as a dose of Canberra micro flora and Australia's finest water to produce the foundation of the brew,' said Watkins.

Sponsors of the AIBA's collaborative beer are Feral Brewing, Wig and Pen Brewery and Tavern, Cryer Malt and Barrett Burston (malt), Hop Products Australia (hops), Bintani (yeast) and Brewtique (5 L kegs).
