PRIZE: LAUGHTON'S LEGEND TROPHY SUPPORTED BY ICARUS PARK STUD

*Laughton's Legend was a purebred registered Irish Draught stallion, bred in Ireland and imported to New Zealand and then finally Australia. He was from the famous Laughton (446) family line, who have a tremendous reputation for producing intelligent, talented and kind jumpers. Laughton's Legend produced many offspring mainly to Thoroughbred mares. They excelled in hunting, showjumping, eventing and many realising their potential as faithful quiet riding mounts. Some of his offspring were exported to Asia, and some to the USA where they went on to compete in the International showjumping circuit. He sired horses in Australia by transported chilled semen. There remain several half bred stallions, sired by him, in New Zealand. Tragically, a short time after he arrived in Australia, a paddock accident ended his life.*
