Bar to Six Ownership.**

There never has been any argument about the relative performance of four and six cylinders. The greater, the smoother power, the silence, the flexibility, are universally acknowledged.

Price has been the only bar. And that now no longer stands in the way, when for £340 you can buy a genuinely fine six, built by General Motors, proved by performance, and of most distinctive beauty.

HOTHAM POULTRY FARM, President Avenue and Hotham Road, Sutherland, N.S.W., September 1, 1924.

To Manager, Merval Manufacturing Co., Eastern Market, Melbourne.

Dear Sir,—Please forward at once usual order, 2 cwt. MERVAL, to Sutherland Railway Station. I may state that on our Poultry Farm, which is the largest in Australia, we are regular users of MERVAL. After exhaustive tests and experiments, we are convinced that as a tonic and conditioner for poultry it stands alone. We use MERVAL weekly, and find that it maintains the highest standard of health and productive vigour throughout the yards. In quickly checking any signs of sickness, I have never known MERVAL to fail, and we seldom see a case of chicken pox, roup, or canker, anywhere on our extensive plant. I am quite certain that MERVAL has reduced our losses from all sources to an absolute minimum. After a week old our chickens are started on MERVAL, and it has proved a wonderful asset in promoting the uninterrupted growth and early maturity of the young. With regard to the above, I am highly pleased to satisfaction, and surely speaks well for the unrivalled efficiency of MERVAL.—Yours faithfully, (Sgd.) A. W. TILDESLEY.

R. H. SALMON, Claridge Stud Poultry Farm, Claridge, Natal, South Africa, writes:—

"I am glad to note that I can now draw my supplies of MERVAL as required from your South African distributors. Since arrival here two and a half years ago with my foundation stock from Australia, I have used your MERVAL weekly in the mash and with splendid results. This country is more prone to poultry troubles than Australia, and a complaint known as 'fowl sickness' is evidently the cause of heaviest mortality. I am certain that it is due to the use of MERVAL that my losses from the above cause have been so small, and not exceeding half a dozen birds altogether. Otherwise, I have lost absolutely nothing from sickness of any sort, and when chicken pox has been raging in the district I have not had a case of it in my yard. Knowing the value of MERVAL as a tonic both for keeping fowls in good health and as an aid to egg production, I would not be without it, and am pleased that supplies are available to South African breeders."

J. T. COATES, Harveston, Rockhampton, Queensland, writes:

"The last lot of MERVAL came to hand yesterday. I would like to say that, after having used MERVAL now for nearly three years, I have a higher opinion of it as a poultry tonic than ever. Our losses amongst the chickens this season amounted to less than 10 per cent. for 4000 chickens; those more than seven days old, only 3 per cent. died; and the losses from all causes among the grown fowls has been reduced to practically normal proportions. We use MERVAL once a week, mixed in the morning mash, and give it in the drinking water whenever any sign of sickness occurs in the yard, with the invariable result that all sickness disappears within a day or two. Our pullets have had MERVAL once a week since they were hatched this season, and they have commenced laying two months earlier than usual, and are altogether the finest lot we have ever raised. I am certain this is due to the regular use of MERVAL, which has kept them in a vigorous, healthy condition from birth."

Dogs entered in Division A in this Section must be in the yards on Thursday, 17th September, 1925, at 9.30 a.m. Dogs entered in Division B must be in the yards on Thursday the 24th September, 1925, at 9.30 a.m. See General Regulations.

For the convenience of exhibitors, the office will be open for the reception of entries till 9 p.m. on Thursday and Friday evening, 13th and 14th August.

Dogs will be received and benched, fed and attended to, and despatched free of charge to Exhibitors, subject to the provisions of Regulations 43 and 45.

NOTE.—This is a Championship Show, and is held under the rules of the Royal Agricultural Society of Victoria and the Victorian Poultry and Kennel Club.

SPECIAL REGULATIONS.

1. All dogs must be registered with the Victorian Poultry and Kennel Club or the Victorian Kennel Association. Registration can be effected at the Society's office at time of entry for the Show.

2. All dogs must have double swivel chains and collars, without names, attached, to enable them to be taken out if required.

3. Any dog wearing a collar with its owner's name thereon will be disqualified from receiving a prize.

4. When being judged, dogs must wear exhibit numbers, which will be supplied by the Society.

USE **NUGGET**

5. Exhibitors will, on personal application to one of the Stewards, be permitted to loose their dogs for a short time each day—in the morning, prior to the opening, and in the evening, after the closing of the Exhibition; but they will on no account be permitted to remove their dogs from the yards without a written order from the Superintendent, and without leaving a deposit of £2. (See General Regulation, 39).

6. Dogs will be subjected to veterinary inspection, and those considered by the Stewards or the Veterinary Surgeon unfit for exhibition, either from disease, the effects of disease, vice, or other causes, will not be received; or removed if found necessary.

7. Labels will be sent for each dog when the exhibitor is not a resident of Melbourne or suburbs, on the reverse side of which Exhibitors will be required to write their names, addresses, and instructions for the return journey. Country and Interstate Exhibitors must inform the Secretary by post or telegram of the despatch of their exhibits, giving all particulars, in order that arrangements may be made for receiving them. Two or more dogs may be sent in one hamper or box if it be properly divided and labelled.

Note.—The Society's postal and telegraphic address at Show time is Show Grounds, Ascot Vale.

8. The Society will be most anxious for the care and safety of the Dogs sent for exhibition, or any other property entrusted to them, but it must be distinctly understood by Exhibitors, and all other persons, that the Society will not be responsible for the loss, detention of, or damage to any Dogs or other property, whether arising from accident or other cause whatever, or from any act or omission of themselves, their officers, agents, servants, or others.

9. The Society will engage a thoroughly practical man to feed and take charge of the dogs during the day, and also a night watchman.

10. In order to prevent the non-exhibition of Dogs which have been entered for the Show, thus causing unnecessary preparation, expense and disarrangement of the Show benches, any person making any entry will be subject to a fine of 10/- for each and every entry of Dogs not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the exhibition, certifying that such non-exhibition is caused either by (1) the death of the Dog or Dogs; or (2) contagious or infectious disease (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by the Dog or Dogs becoming ineligible for the Class in which they have been entered, or other reasonable cause. The non-payment of such fines to debar all persons owing them from exhibiting at future exhibitions of the Society.
