CATTLE

STEWARDS IN CHIEF:

Beef Cattle—L. M. DUGDALE, Esq.

Dairy Cattle—A. H. MOORE, Esq.

Fat Cattle—J. BOTT, Esq.

The breeding year for Beef Cattle and Fat Cattle dates from 1st September and for Dual Purpose and Dairy Cattle from 1st July in each year.

Cow or Heifer entered as "in milk" can be transferred to the "in calf" class, if she has not calved prior to judging, or vice versa.

Cows or Heifers entered in the "in calf" classes must be stripped out prior to entering the judging ring.

Judges have the right to order any Cow competing for Championships to be milked dry before finally awarding the prizes.

In all Sections feed sheds are available for exhibitors. Charge, 12/6 during the currency of the Show. Feed-mixing bins may be hired for 2/6 each. Exhibitors are not permitted to stack feed in the Cattle Pavilions.

Cows and Heifers in milk, except Friesians, must be at the grounds on Wednesday, 16th September, and be fully milked out between 4 p.m. and 5 p.m., at which hour they will be stripped out in the presence of the Stewards, or whom they may appoint. Friesians will be stripped out between 9 p.m. and 10 p.m. on Wednesday, 16th September and they must not be milked prior to 4 a.m. on that day. They will be judged first on Thursday morning. The owner or his representative must be in attendance when females are being stripped out. All other cattle must be at the grounds before 9 a.m. on Thursday, 17th September.

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 1 p.m. on Friday, 25th September.

Entries of milking stock (Sections 16 to 23 inclusive) will only be accepted subject to the following regulations regarding the disposal of milk.

In order that the Society can comply with the provisions of the Dairy Supervision Act, exhibitors are not permitted to dispose of milk prior to and during the currency of the Show, either by sale or gift, other than to the Society's agent, who is situated at the Milk Room (beside the No. 1 Cattle Pavilion). All milk will be purchased according to butter-fat value, based upon a complete test of the bulked milk, and returns forwarded to exhibitors after the Show. No milk will be paid for unless approved milk utensils are used and hygienic methods are adopted.

In classes where entries are limited to one from each exhibitor two animals may be nominated, but only one may be exhibited, and in classes where entries are limited to two from each exhibitor three animals may be nominated, but only two may be exhibited. In such case no refund will be made of the entry fee paid on the cancelled entry.

Only one exhibitor will be recognised as an owner from any one holding, and any exhibitor who enters, or permits the entry of any of his stock, in the name of any other exhibitor, shall be disqualified.

Any exhibitor who shall, without due cause, fail to parade any animal before the Judge, when required so to do by the Steward of the Section, shall be liable to a fine of £1.

Parades.—Prize-winning cattle only will be permitted to take part in parades. All prize-winning cattle must be taken out on parade, in accordance with the printed programme. Exhibitors shall be subject to a fine of ten shillings in each case in which this regulation is not complied with, and shall also be liable to forfeit the prize or prizes awarded to their exhibit or exhibits. All cattle parading must wear exhibit numbers. No ribbons will be permitted on exhibits except those won during the Show.

If, in the opinion of the Secretary, any exhibit or exhibits of stock be deemed to be dangerous, the owner of such exhibit or exhibits shall immediately, upon notice to that effect, remove such exhibit or exhibits from the Society's Grounds.

All male exhibits of Cattle over the age of 12 months shall be rung through the nose, and when on parade or going to and from the parade shall be led by such ring. Exhibitors will be liable to a fine of £2 for every infringement of this regulation.

Each exhibitor is required to see that each of his exhibits is securely tethered in its stall, and in the case of polled breeds it is compulsory that they be tethered by the nose ring in addition to the head stall or neck rope.

If, in the opinion of the Secretary, exhibits in this Section be deemed to be deformed, the owner or owners of such exhibit or exhibits shall, upon notice to that effect, remove such exhibit or exhibits from the Show Grounds.

Exhibits of Cattle which, in the opinion of the Society, are not in reasonable Show condition, shall be removed from the grounds and shall not be eligible to be offered for sale on the Show Grounds.

Any male animal not deemed to be completely entire by the Society's Veterinary Surgeons may not compete or be offered for sale on the Show Grounds.

Any animal offered for sale may wear, in the sale ring, only those ribbons won in single competition.

Exhibitors are permitted to display cards over the stalls stating that an animal is for private sale; such cards not to exceed 12 in. x 10 in.

In Classes where, to be eligible, animals are to be born between certain dates, which are shown, neither date is inclusive.

Except where otherwise determined by Council all cattle must be certified T.B. free. An animal need not be individually tested for T.B. if from a Government-certified T.B.-free herd. Individual tests must be completed not earlier than 90 days prior to the opening date of the Show. Certificates for individual tests must accompany entry forms.

Attendants leading stock in the judging ring or on parade must wear uniform grey coats, which can be secured from the Society.

TRUCKS, TRANSPORTS AND CARAVANS.

Motor vehicles, including trucks and stock transports will not be permitted to remain on the Show Grounds after unloading. They must be removed immediately, and will not be re-admitted until after 12 noon on Friday, 25th September, to load for the return.

Caravans will not be admitted to the Show Grounds.

GLEN ANGA POLLED HEREFORD STUD

Founded in 1923 upon horned descendants of eminent English families. In 1935-36 we decided to breed the horns off, and since that time have imported and used several U.S.A. Double Standard Polled Hereford sires. Illustrated below are three of our latest importations, personally selected and purchased in the U.S.A.

GROVE CUTLER (Imp.)

GROVE CUTLER (Imp.)

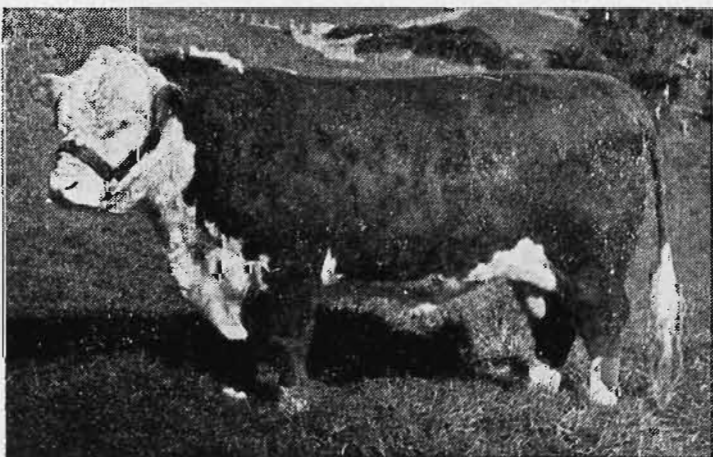

Our main foundation Polled Hereford Sire, 1936-1950. He lived a long and useful life, leaving numerous progeny of a type that substantially helped to establish the Polled Hereford breed in New Zealand.

SIR LAMPLIGHTER (Imp.)

A modern beef sire, personally selected in the U.S.A. He was bred by Richard Rossignal, Montana, U.S.A., and has a great line of breeding behind him. Sir Lamplighter won many championships, including Grand Championships of Beef Breeds. Young stock by him are very promising.

SIR LAMPLIGHTER (Imp.)

LESKAN TONE 68th (Imp.)

LESKAN TONE 68th (Imp.)

Bred by Mr. H. L. Sanborn, California, U.S.A., was the outstanding 2-year-old bull at the dispersal of the famous Sanborn herd, when he was purchased by Mr. D. Tynan at \$8,100, the highest-priced 2-year-old of the sale. Both sire and dam of Leskan Tone 68th were noted show animals, and both were sold at world record prices for the Polled Hereford breed in 1946.

Polled Hereford cattle are on the march everywhere they are known and used. Record prices are obtained at auction, while show successes against all-comers are increasing rapidly.

"HIGHLAND" PEDIGREE MILKING SHORTHORNS

FOR THE COMBINATION OF TYPE, PRODUCTION AND
CONSTITUTION, THIS IS ONE OF THE LEADING STUDS
IN NEW ZEALAND

All records are put up under Ordinary Herd Conditions. NO Crops are grown. NO Meals or Concentrates fed. These animals are neither forced nor pampered. They are just naturally good producers.

Their strong constitution is proven by the fact that eleven of the herd of 48 are aged cows (average age, 13 years) and their production for 1952-53 season averaged 388 lbs. fat in 289 days.

Young Bulls from dams over 400 lbs. fat for sale every year, also Rising Three-year-old In-Calf Heifers.

INSPECTION AND ENQUIRIES INVITED

PARTICULARS:

HIGHLAND JADE, V.H.C.:

Show records include eight Championships and three Reserves.

Her only daughter, Highland Jinx, has five Championships and five Reserves.

HIGHLAND ALISON:

Undefeated in show ring as Heifer Calf and Yearling. Undefeated Junior Female Champion at all leading Northland Shows, 1952-53 season.

HIGHLAND SELECTOR:

Undefeated in show ring, Bull Calf and Yearling. Undefeated Junior Male Champion at all leading Northland Shows, 1952-53 season.

Do **MORE** Work

At **LESS** Cost

Designed to handle the previously "difficult" jobs on the farm, the 7/8 h.p. Ransomes Tractor is economical and easy to operate, and will do the work of two horses. It increases production, reduces waste land by its ability to work where other tractors cannot. The rubber-jointed, frictionless caterpillar tracks reduce maintenance and make Ransomes ideal for all work over difficult terrain.

See the M.G.5 on display at Stand 74, Plummer Avenue, or for full details apply to the sole Victorian agents.

There's nothing to match
a genuine **Cyclone** gate

FOR strength, long life and smooth-swinging service, you can't beat the "Cyclone" farm gate. For over 50 years "Cyclone" have concentrated on making better gates — all joints are electrically welded — the heavy top and bottom hinges cannot pull or work loose — the special chain and knob fastening cannot be knocked or lifted off by stock — the "Ringlock" covering makes the gate sheep-proof.

Look for the "Cyclone" RED TAG

Every genuine "Cyclone" gate carries the red tag illustrated at left. Demand the genuine, and make sure of a lifetime of trouble-free gate service.

Min-a-Vit — an entirely new scientific development—puts £'s into your pocket

More milk from each one of your cows.

Lbs. more weight per head of cattle.

Min-a-Vit is the amazing new scientific development which, for the first time, makes it possible for you to add essential minerals and activating Vitamin D₃ to your stock's diet in a convenient and palatable form.

This means that you can now get the utmost efficiency from your stock. And, the increased efficiency will show up clearly in your bank balance. One

farmer in the Bacchus Marsh district is using Min-a-Vit through the complete lactation period of his herd. Read his first report below.

Min-a-Vit is an essential to the general good health, high efficiency and top condition of your cattle, calves, sheep, pigs and goats. Min-a-Vit is on sale in 5 lb. containers, and 56 lb. bags. Available from your usual store or stock food merchant.

Dear Sirs,

I have given my herd "Min-a-Vit" by adding it to their feed in the mangers at milking time. The feed consisted of dry chaff and crushed wheat. After the first three days the cows had got used to "Min-a-Vit" and I actually feel that they now look forward to it. After six days of "Min-a-Vit" I could see an improvement in the cows and the feel of the udders promised good milk yield. I will write next week on the milk yield.

Yours truly,

Min-a-Vit

REPEAT ORDERS FOR . . .

ROSEVALE FRIESIANS

The many repeat orders at present being received for both bulls and heifers is sure proof that, after 40 years of consistent breeding, Rosevale Friesians are still giving every satisfaction.

Owing to labour troubles, we have been unable to do any testing for some time, but have arranged to start again next October.

Only the very best of herd sires are kept, and excellent reports have been received of the performances of their daughters which have been sold.

LAND ROVER

One of the Many Jobs it will do

The power to do a job like this, and even tougher jobs, is one of the outstanding characteristics of the Land-Rover. Even more important is the certainty, the quickness, and the ease, with which the Land-Rover will do it. In other days jobs of this sort would mean yarding and harnessing a team of horses, and considerable loss of time in going to and from the job. Today, more than ever, Time is money. The Land-Rover saves hours of it; saves costs, and saves work; not merely in one or two jobs, but in almost every conceivable type of job. Never a day passes on a farm that there is not something for it to do—more efficiently, more quickly, and more economically. Prove these claims for yourself by going to your nearest Land-Rover Dealer for a demonstration.

By appointment to the late King George VI and selected for use by Her Majesty Queen Elizabeth during her visit to Australia next year. Manufacturers of Land-Rovers, and Rover "75".

At the head of the parade each year, the champions earn for their owners the praise and admiration they richly deserve, but the greatest exhibitor at the Royal Show is the man who having won no award, despite the intense preparation, goes cheerfully home to try again next year.

Goldsbrough's too, have earned the coveted Blue Ribbon of Service for they know the achievements and disappointments which are the experience of every stud breeder. They are mindful of the weeks of preparation for a fixture, which although may bring no immediate reward, will undoubtedly achieve success in the future. Goldsbrough's are proud that today throughout the length and breadth of Australia they are leading the parade with their unparalleled service to the stud stock breeder.

FOR SUCCESSFUL DIPPING

LICE

Lice feed on the skin of the sheep and cause rubbing and scratching, resulting in reduced wool value, loss of condition and matting of wool fibres.

Lice can be effectively eradicated by dipping in either Cooper's Powder Dip or Cooper's Gamatox Sheep Dip.

KEDS (ticks)

Incessant ked irritation affects feeding, growth of wool and carcase development.

Dipping in either Cooper's Quick-Acting Powder Dip or Cooper's Gamatox Sheep Dip will eradicate keds and ensure maximum period of protection.

Remember, Cooper's "Quick-Acting" and Gamatox are dual purpose Dips, i.e., both Dips are effective against keds (ticks) and lice.
