

SECTION 28 - BEEF CARCASE COMPETITION

Judging of Beef Carcases

15. Carcases will be judged using the April, 1989 National AUS-MEAT Beef Carcase Judging System. The AUS-MEAT system judges and point scores all carcases within the competition. Points are allocated for weight, eye muscle area, meat colour, fat depth, fat colour, fat distribution and where appropriate, marbling. Penalty points apply for carcases which are outside nominated weight and fat specifications.
16. Carcases that are outside the weight range of their nominated class will not be transferred but will incur penalty points at the rate of 3 points for every one percent of carcase weight outside class range.
Those carcases that exceed their nominated class weight range by more than five percent will incur a maximum penalty of 20 points.
17. Carcases will be priced using a price grid according to actual carcase weight, not nominated class.
Pricing does not constitute any part of the judging system.
18. Copies of price grids showing price premiums and discounts for various carcase descriptions will be sent to exhibitors approximately three weeks before the carcase competition.
19. All carcases will be quartered for public viewing at the abattoir.
20. Carcases will not be penalised for bruising should any occur.

NOTE: Measurements for fat cover will be taken at the P8 rump site in line with AUSMEAT LANGUAGE, 3rd Edition April, 1989.

NOTE: Dentition in all classes refers to the maximum allowable teeth in that class.

ACQUISITION AND DISPLAY OF CARCASES

Depending on the number of entries received, the Company reserves the right to arrange the judging and display of carcases at Gilbertson Greenham Pty. Ltd., Kyle Road Meatworks, Altona North. Gilbertson Greenham Pty. Ltd. has agreed to purchase all carcases at ruling market prices for the particular grade of meat. A commission of 3.0 per cent on the sale of carcases will be deducted from Exhibitors Account Sales and paid to the Company.

Grid prices will be displayed on carcases.

No. 1 in small tractors and mowers.

And we've got the grounds to prove it.

You can judge Kubota by the turf it keeps.

Throughout Australia, from superbly manicured municipal parks and gardens to the hallowed turf of the MCG - Kubota provides the professional edge.

The evidence speaks for itself.

Kubota has the technology.

Take the PX-2100 radio controlled mower for example. Up and down steep slopes. Under and around trees.

Perfect mowing by remote control.

On the other hand, you can put yourself in the driver's seat with direct drive. It's really up to you.

Kubota gives you all the options.

In model choice. In horsepower ratings, to match power to purpose. In exclusively designed mid-mount mower deck sizes. In a complete range of dependable, easy-mount implement attachments.

Kubota puts you first in development.

The world's first outfront mower with 4WD hydrostatic transmission for quick, smooth operation. Tilt steering and cruise control are standard. So is the advanced ergonomic design for superior comfort.

Vetcare.

It's the Vet's own brand of animal care products. The very best care breeders can give to their newborn. To their puppies and kittens. And to their adult animals.

The Vetcare brand heralds a new era of pet care product responsibility. The Australian Veterinary Association, together with ICI, have developed a range of products prepared to the very highest ethical pharmaceutical standards.

Already, there are Vetcare Flea Collars, Shampoos, Flea Powders, Antiseptic Powders and Worming Tablets.

Intensive research and development is underway right through 1989, to release even more products. Products that will answer many of the

special problems encountered by Breeders. Products you'll know you can rely on. Because their formulations draw on Australia's very finest veterinary expertise.

Look for Vetcare in your Vet's Surgery, Chemist, Supermarket or Wholesaler.

The Vets' own brand.

R.A.S.V. BEEF CATTLE JUDGING CHAMPIONSHIP

A Beef Cattle Judging Demonstration and Competition will take place in the Federation Ring, on Friday, 29th September, 1989, commencing at 10.30 a.m.

The Demonstration and Competition will be conducted on a Beef breed. In future years different breeds will be used. Competitors will be asked to place six bulls in the order they fancy.

The three prominent breed Judges appointed will agree on what might be termed the correct order of placing the cattle and will question the final six competitors over the P.A. system as to the reasons for their placements when determining the ultimate winner of the Competition.

Entrants should bear in mind that the Judges will award points to competitors for correctness of dress (within reason) and footwear; the manner in which Stewards (where present) are handled, and general decisiveness and ring craft.

A Spokesman for the Judges' Panel will give explanations to competitors as to why the cattle were placed in the order decided upon by the Judges and at the same time will demonstrate the use of ring-craft as an aid to making correct decisions and as a methodical means of permitting spectators to understand the Judges' reasoning.

This will be a post entry competition and there is no entry fee.

This is how it's going to feel for a computer without OSI.

OSI is an internationally-agreed standard which allows computers of any type, of any manufacture, to communicate.

And to interwork. So instead of being tied to one particular computer company, and the limitations of its proprietary standards, you can now access data from *any* computer in the world which uses OSI.

OSI (Open Standard Interconnection) will become the industry norm within the next five years. Much of the world has already embraced it.

ICL is at the forefront of this technology now. So, when you install an ICL system, you profit – immediately – from the benefits OSI brings. Such as an ability to interwork with any other OSI computer in the world. Such as lower purchase and operating costs.

Such as knowing the system you install today is a solid foundation for any need you may have in the future. Which means that, from this day forward, any computer recommendation you receive which does *not* include OSI, should be severely questioned.

Question it. Then talk to ICL (Everyone else will be).

ICL

works your way.

FOR MOST OF
AUSTRALIA'S PAST,
WE'VE BEEN LOOKING
AFTER ITS FUTURE.

Our nation was barely 60 years old when AMP began providing financial security for ordinary Australians.

In the years since then, we've helped millions safeguard their future.

We stood by our farmers through the depression.

We helped the wives and families of diggers cope with the hardships of war.

Through natural disasters and personal tragedies, we've made sure no-one had to face things alone.

Last year AMP policyholders and beneficiaries received well over \$2.7 billion.

And on top of that, more than 2 million policyholders and their families continue to enjoy the most important benefit that AMP offers: the knowledge that we'll always be there when we're needed.

AMP
WE'LL ALWAYS BE THERE.

AMP will be at the Show too!
Visit the AMP Lawns and Display.

SEE HOW THE STARS PERFORM IN THE KITCHEN

Come and meet five of Melbourne's favourites as they cook the beef and lamb dishes that they love most in our showground kitchen.

This is a recipe for fun and entertainment so, why don't you join us!

We'll be cooking up a storm from Sept 23 - Oct 1
at the Melbourne showground.

A Company Incorporated in Victoria by the Royal Agricultural Society of Victoria

Royal Melbourne Show 1989

**21st September to 1st
October, 1989**

GENERAL REGULATIONS FOR ALL COMPETITIONS

ENTERING FOR SHOW

1. Entries will be received in all sections of the Royal Melbourne Show (the "Show") subject to these regulations and the special regulations, rules and conditions appearing at the head of each section and in each class, and on the entry form, and the Society's Conditions of Entry to the Show Grounds posted at each gate. Upon submission of an entry the Exhibitor agrees irrevocably to be bound by all applicable regulations, rules and conditions.

2. The Company may in its absolute discretion reject entries from competitors or Exhibitors who, or whose exhibits, are or have been subject to disqualification from any Royal or other show or a breed society or similar body.

3. Subject to regulations in the relevant Prize Schedule no entry may be changed by the Exhibitor after entries close unless otherwise permitted by the Company.

4. Unless otherwise permitted by the Company all entries must be made in writing on forms supplied by the Company.

5. The entry fee set out in the Schedule of Prizes shall be forwarded with each entry. The date of closing of entries will be found in the relevant Prize Schedule. The entry fee becomes the property of the Company upon acceptance of the entry and fees for withdrawn exhibits will not be refunded under any circumstances.

6. All entry forms must be signed by the Exhibitor or his authorised agent. The Exhibitor is responsible for the correctness of all information on the entry form.

7. Restrictions on the number of entries in any section or class may be made by the Company.

8. Subject to the regulations in the relevant Prize Schedule, no exhibit may be entered in more than one Ordinary Class. Sweepstakes, Special Classes, Trophy Classes, and Championships do not count as Ordinary Classes. Throughout the Prize Schedules, Special Classes are designated with a star (*). Should any exhibit be sought to be entered in more than one Ordinary Class such exhibit shall only compete in the first class in which its name appears in the Company's Catalogue unless the Company otherwise directs.

OWNERSHIP OF EXHIBITS

9. Unless the Company otherwise permits all exhibits must be the bona fide property of the Exhibitor at the time of entry or be held by him under written lease in existence at the time of entry and the Company shall have the power to recognize or reject such lease as it deems fit.

10. An exhibit which is not the bona fide property of the Exhibitor at the time of judging or held by the Exhibitor under written lease at that time shall not be entitled to compete without the prior written approval of the Company.

LIABILITY FOR EXHIBITS

11. Neither the Company nor the Society shall under any circumstances be liable for:

- (a) the loss or death of any exhibit;
- (b) any damage or injury occasioned to or by any exhibit; or
- (c) any loss, damage or injury occasioned to or by any Exhibitor or person acting on his behalf.

Without prejudice to the foregoing, if the Company removes or causes to be removed from the Show Grounds any exhibit, then each such exhibit shall at all times remain at the sole risk and responsibility of the Exhibitor and the person or persons removing the exhibit shall at all times be deemed to be the agents of the Exhibitor and all acts and omissions on the part of such person or persons shall be deemed to be the acts and omissions of the Exhibitor. Without limiting the foregoing, the Exhibitor shall indemnify and keep indemnified and hold harmless the Company and the Society from all claims whatsoever in respect of the exhibit whether arising by reason of any loss of or injury to or caused by the exhibit or by reason of its transportation, feeding or housing or for any other reason whatsoever.

12. The Exhibitor enters entirely at his own risk. In case any exhibit whilst on the Show Grounds shall cause or be the cause of injury or damage to any other exhibit or Exhibitor or to the person or property of the Company or the Society or any members thereof or to the general public, the Exhibitor of such exhibit shall indemnify and keep indemnified the Company and the Society from and against all damages, costs, claims, expenses and liabilities (including without limitation consequential loss and loss of profits) thereby incurred. The Exhibitor shall be liable to the Company and the Society for any damage or loss occasioned to any of them by the exhibit or Exhibitor or any person acting on his behalf or otherwise representing him.

13. The Company will arrange compulsory Owners' Liability Insurance cover for all exhibitors in the horse, beef cattle, beef carcass, dairy cattle, dog, sheep, goat, pig and cat sections. The compulsory insurance levy forms part of the entry fee. Details of the cover provided are shown in the relevant prize schedules.

CONTROL OF SHOW AND CONDUCT OF EXHIBITORS

14. Exhibitors are responsible for ensuring that their family, employees and assistants are familiar with, and comply with these Regulations. Exhibitors may be penalised or disciplined for the actions of their family, employees or agents in contravention of these Regulations. "Employees" includes any person agent or company, whether remunerated by the Exhibitor or not, engaged by, or on behalf of, the Exhibitor to carry, care for or prepare exhibits.

15. Should the Company be of the opinion that any rule, condition or regulation whether set out in these regulations or at the heading of a section or in a class or on an entry form has been broken or not observed or performed then the exhibit or Exhibitor or competitor or all or any of them may be disqualified, suspended for any period, fined, removed from the Show Grounds or otherwise penalised at the discretion of the Company. Any awards may be forfeited and should this occur, any prizes, ribbons or prize cards must be returned to the Company.

16. The Company has the the power without assigning any reason to:

- (a) cancel any event or class;
- (b) alter the time or place at which any class or event is to take place;
- (c) alter the conditions of any event;
- (d) remove any exhibit from the Show Grounds;
- (e) alter the date or time for the closing of entries for any section or class or for any particular entry;
- (f) transfer an exhibit and Exhibitor from any class to any other class; or
- (g) decline to display an exhibit.

17. The Exhibitor shall at all times and in all respects comply with the directions and requests of the Company. This shall, without limiting the generality of the foregoing, apply to the entry of the exhibit, the Exhibitor, the competitor, the conditions of event, the conduct of the Exhibitor, the conduct of the event, the decisions of the judge and the awarding of prizes.

18. Should the Company be of the opinion that:

- (a) a statement which is fraudulent, false, erroneous, misleading or deceptive, or likely to mislead or deceive has been made regarding an exhibit, whether or not the person making that statement was or ought to have been aware that the statement was fraudulent, false, erroneous, misleading or deceptive, or likely to mislead or deceive (as the case requires); or
 - (b) an exhibit has or may have been tampered with or otherwise improperly dealt with,
- then the exhibit and the Exhibitor or either of them may be dealt with in accordance with the applicable regulations.

19. Exhibitors must, if required by the Company, make a statutory declaration in such form and with respect to such matters regarding their entries and otherwise as the Company may in its absolute discretion require.

20. The Company reserves the absolute discretion to refuse to accept any exhibit, Exhibitor or competitor for entry in any event or class at the Show and to withdraw, disqualify, suspend for any period (and particularly future Shows conducted by the Company) or otherwise penalize any exhibit, exhibitor or competitor prior to or in the course of any event or upon the conclusion of any event (whether before or after the event has been judged) and generally to adjudicate on and finally determine any matter whatsoever concerning or in any way related to the Show involving the performance or conduct of any exhibit, Exhibitor or competitor or the presence of any drug (as defined in the regulations printed in the relevant schedule or catalogue) in any exhibit.

21. In exercising its aforementioned discretion the Company may if it thinks fit refrain from:

- (a) giving any reason or reasons for the exercise of its discretion;
- (b) giving notice in advance of its consideration of any fact, occurrence, circumstance or state of affairs which resulted in the exercise of its discretion in a particular manner;
- (c) granting a hearing (with or without legal representation) or accepting submissions (whether oral or written) on any aspect of the exercise of its discretion (including matters involving the withdrawal of an exhibit from an event or the imposition of a disqualification, suspension or other penalty);
- (d) allowing an Exhibitor or competitor who is or may be affected by the exercise of its discretion an opportunity to examine, test, clarify, confirm, question or challenge any evidence or interview any expert or other witnesses to which the Company may have had regard in exercising its said discretion;
- (e) otherwise accomodating the Exhibitor or competitor affected by the exercise of the discretion, as required from time to time by principles of natural justice.

If the Company elects in its absolute discretion to accord natural justice to an Exhibitor or competitor then the Company shall unilaterally determine the content and extent of that natural justice and notify the same to the Exhibitor or competitor.

22. The Company reserves the right to rule at any time that any exhibit, Exhibitor or competitor may not compete. This right remains notwithstanding the Company's acceptance of the entry, its inclusion in the Company's catalogue or the issue by the Company of an exhibit ticket, number or any other document.

23. Subject to regulations in the relevant Prize Schedule, an exhibit ticket will be issued by the Company for each exhibit unless the Company otherwise determines. The exhibit ticket will state the number of the exhibit and its sole purpose is to identify the exhibit. The exhibit ticket must be produced whenever required by the Company or the Steward in Charge at the time of judging.

24. Except with the prior written approval of the Company, no livestock or animals, other than livestock or animals entered for the Show, are permitted on the Show Grounds. Domestic animals belonging to Exhibitors are included in this prohibition.

25. No person, whether the Show is open to the public or not, may ride bicycles or skateboards in the Show Grounds without prior written permission.

ACCOMMODATION

26. The Company is under no obligation to provide space for exhibits or accommodation for people accompanying the exhibits. However, if the company, in its discretion, does allocate space for exhibits or space for people to sleep, exhibits may be placed and people may sleep only in the areas allocated for such purposes by the Company. Any personal belongings, equipment or property brought by Exhibitors, their employees or families, to the Showgrounds must be kept in the accommodation lockers or other areas allocated by the Company for storage purposes.

JUDGING

27. The Company may alter the Judge for any particular class at any time if it deems fit.

28. No competitor or Exhibitor or person acting on behalf of any competitor or Exhibitor shall in any way influence consult or interfere with or attempt to influence consult or interfere with the Judge or endeavour to interfere with his freedom of choice or judgment.

29. No exhibit or person in charge thereof shall be equipped with, wear or display anything which indicates the ownership of the exhibit before or during judging unless this practice is expressly authorised in the regulations in the relevant prize schedule.

30. The decision of the Judge as to the merits of the exhibit and the competitor shall be final and binding whether or not such decision was made or purported to be made in accordance with these or any other relevant regulations and no appeal may be made or order for review or similar order sought therefrom to any court of law or other body on the question of merit of the exhibit or on any matter arising out of or in connection with the manner in which the Judge's decision was made or purported to be made or otherwise.

31. Subject to the regulations in the relevant Prize Schedule, the Judge may award a second or third prize instead of a first prize or may withhold a prize altogether where he considers in his absolute discretion that such prize is not to be awarded.

32. Subject to the regulations in the relevant Prize Schedule, should there be a tie for any placing in any event or class, subsequent placings in that event or class will be awarded such that the next placing will be the sum of the number of exhibits already placed plus one. (For example, if two exhibits tie for first place, the next placing to be awarded is third.)

33. The Judge may make a reserve number, by marking it as such, of the exhibit next in order beyond those to which the prizes are awarded in every class where the number of the entries exceeds the number of prizes offered, if, in his opinion, the exhibit is of sufficient merit to deserve a prize; he may also give commendations, in his opinion, they are deserved.

34. Subject to Regulations 20 and 38, where a prize is disqualified, the Company may promote to that prize the exhibit next in order, whether such exhibit was awarded a prize or reserve number. Exhibits next in order thereafter, whether awarded a prize or reserve number may also be promoted to the prize immediately next in order.

35. All prize cards awarded at the Show shall be exhibited with the exhibit for the duration of the period the exhibit is required at the Show.

PROTESTS

36. An Exhibitor or competitor may protest against an award won by an exhibit or competitor in the same class alleging infringement of the rules or ineligibility.

37. Subject to the regulations in the relevant Prize Schedule, protests shall be addressed to the Principal Officer and be lodged at his office on the 1st Floor, Administrative Building, cnr. DeGraves Street and Plummer Avenue, Show Grounds, before 12 noon the day after the award in question has been made or on the first day of the Show, whichever occurs later. Such protests shall be accompanied with a deposit of \$20.00 which may be forfeited to the Company if in the sole opinion of the Principal Officer the protest is unfounded, frivolous or vexatious.

38. If any exhibit which has been awarded a prize is disqualified the next in order for award does not necessarily become entitled to that or any prize.

39. The protest and all matters arising therefrom shall be determined conclusively as to all matters by the Company and shall not be the subject of any appeal to any court or any order for review or of a similar nature.

FIRE REGULATIONS

40. Cooking, heating of water by any means whatsoever, the use of any device involving naked flames, and smoking are prohibited in or near any animal pavilion, stall, pen or locker.

41. The alteration or interference with any electrical wiring, switch, plug or socket is prohibited. The only mains powered electrical appliance which may be used in a locker is a light bulb fitted in the socket provided. Mains powered electrical appliances may only be used in or near any animal pavilion, pen or stall if they are, in the Company's opinion, essential for animal care.

VEHICLE PARKING

42. Motor vehicles including trucks and stock transports will not be permitted to remain on the Show Grounds after unloading. They must be removed immediately, and will not be re-admitted to load for return until such time as the Company determines. Caravans will not be admitted to or remain within the Show Grounds without the prior written permission of the Company.

43. Any vehicle, including trucks, stock transports, trailers and horse floats, and the contents of that vehicle, located on the Company's property or in any area leased by the Company, shall be at the sole risk of the owner. The Company accepts no responsibility for any loss or damage, including loss or damage caused by the negligence of the Company, its officers, employees or agents to any vehicle, or the contents of any vehicle, located on the Company's property or in any area leased by the Company.

44. This is how it's going to feel for a computer without OSI.

OSI is an internationally-agreed standard which allows computers of any type, of any manufacture, to communicate.

And to interwork. So instead of being tied to one particular computer company, and the limitations of its proprietary standards, you can now access data from any computer in the world which uses OSI.

OSI (Open Standard Interconnection) will become the industry norm within the next five years. Much of the world has already embraced it.

ICL is at the forefront of this technology now. So, when you install an ICL system, you profit – immediately – from the benefits OSI brings. Such as an ability to interwork with any other OSI computer in the world. Such as lower purchase and operating costs.

Such as knowing the system you install today is a solid foundation for any need you may have in the future. Which means that, from this day forward, any computer recommendation you receive which does *not* include OSI, should be severely questioned.

Question it. Then talk to ICL (Everyone else will be).

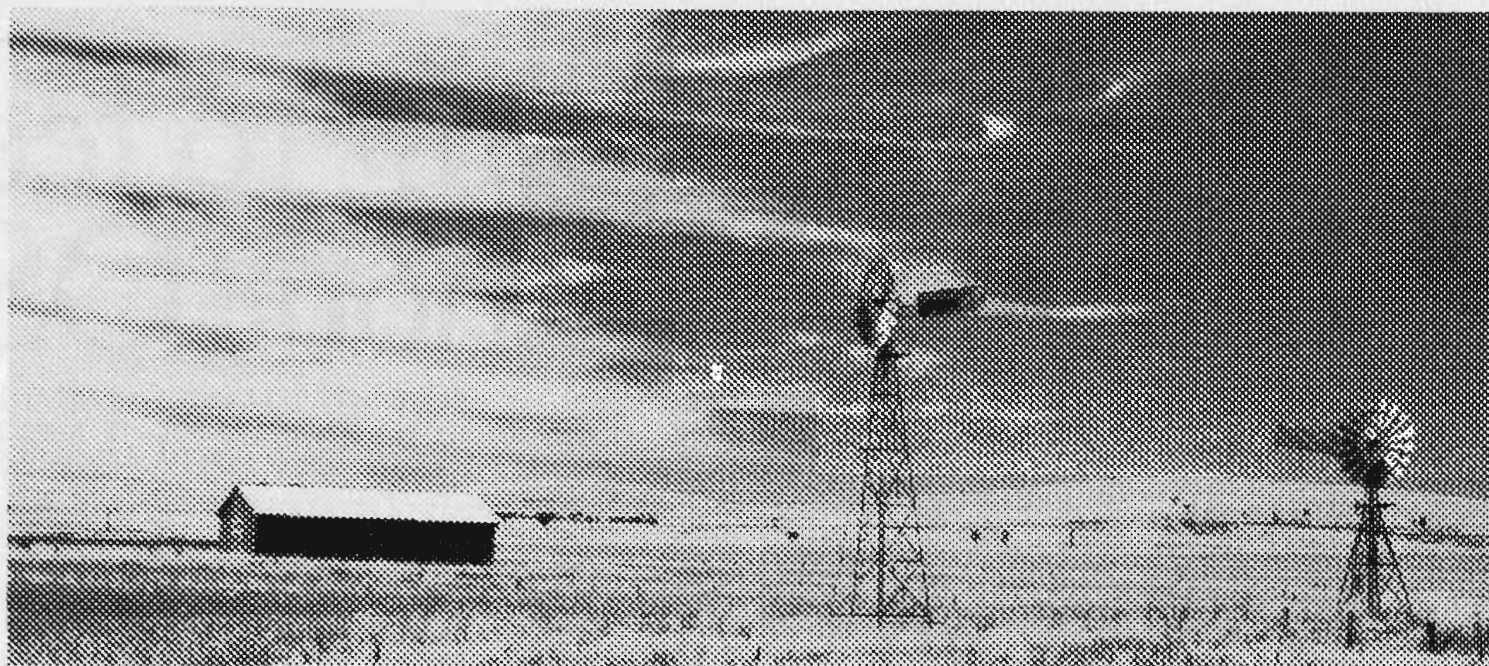

ICL

works your way.

SOUTHDOWNS

DESCRIPTION

The Southdown is a polled, short woolled, meat producing sheep. Southdown rams have been used as terminal sires for crossing over other breeds of sheep for over 150 years to produce lambs of the highest quality. The Southdown ram has a bold, masculine head, free of wool around the eyes, long, well fleshed body with a deep hind quarter. Southdown wool is of fine texture and great density.

HISTORY OF ORIGIN

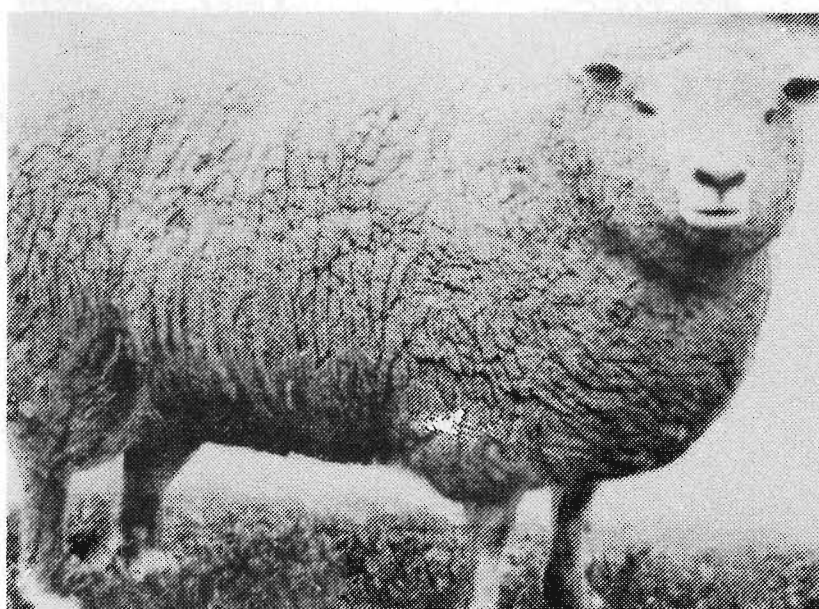

The Southdown is undoubtedly the oldest of the Down breed of sheep originated in the United Kingdom. In 1780 John Ellman of Glynde in the County of Sussex, took the speckled-faced heath breed and developed it into the Southdown that was destined to make its name in every sheep farming country in the world. In 1822 Jonas Webb improved the breed further, at its peak his Babraham flock numbered 2,400 animals, breeders came from all over the world to purchase these

animals, paying as much as £200 to LET not BUY a young ram. The first records of registered flocks in the United Kingdom were published in 1897.

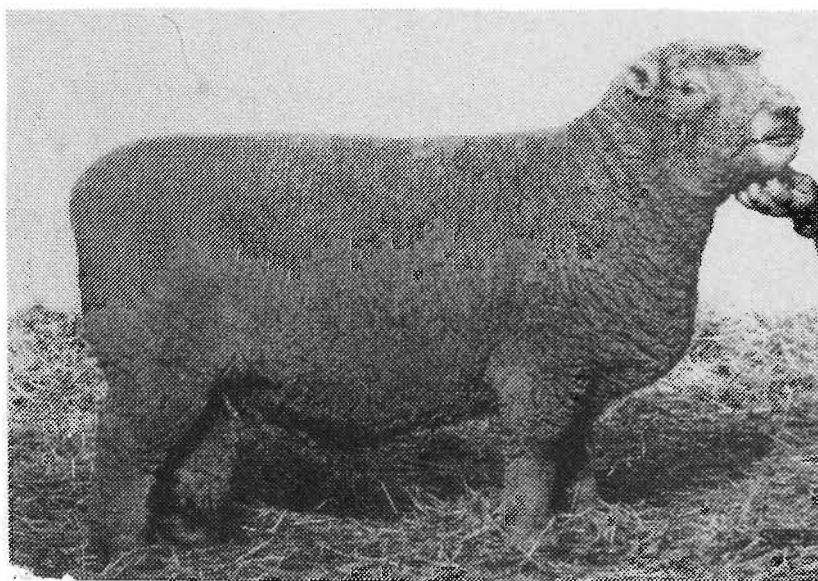

AUSTRALIAN HISTORY

Southdown sheep were brought to Australia by the early colonists, in 1793 the Rev. Samuel Marsden, N.S.W., imported and used Southdowns for crossing purposes, the breed was established in Australia as early as 1825. Two Southdown flocks, those of Mr. Alexander Cameron of Cranbourne, Victoria and Mr. Frederick Peppin of Fernbrook Loch, Victoria were recorded in Volume I of the British Breeds Flock Book published in 1898. The Cressy Company established a flock in Tasmania in 1870, from which the oldest Southdown stud still in existence "Cambridge" in Tasmania founded their flock in 1870. "Kirkdale Lodge" also in Tasmania still exists and was established in 1884. Since these early days Southdowns have spread and have been used all over Australia to produce prime lambs.

IMPROVEMENT

Southdowns have always been noted for their reliability to produce sweet tasting, high quality meat. Southdowns are undoubtedly the most improved breed over the last fifteen years, this is well illustrated by the photographs of Melbourne Royal Champions of 1927, 1929, 1961, 1979 and 1988. Australian meat producers supplied the United Kingdom market since the invention of refrigeration in the late 1800's, Southdown lamb carcasses were always in demand and profitable as Southdown lambs had the weight required at an early age, providing the small meaty carcasses demanded by the Smithfield Market. The advent of the Common Market decreased the trade with the United Kingdom; other markets and the domestic trade required longer, leaner carcasses. With the lifting of the embargo on imports of New Zealand sheep into Australia in 1974, breeders have been able as a result of the New Zealand imports, to produce rams to sire lambs with a longer, leaner carcass whilst still retaining meat quality and succulence.

THRIFTINESS AND PROFITABILITY

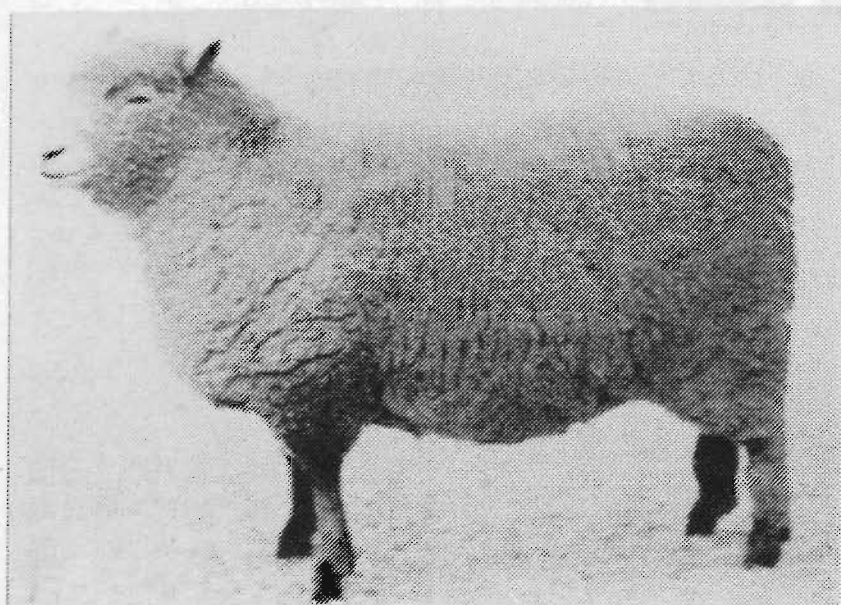

The Southdown is noted for its ability to survive

and thrive under very harsh conditions, in times of drought, Southdown lambs will recover rapidly. Ease of lambing and high percentage of twins assures high lambing percentages and profitability, also increase in stocking rates and dollars per hectare. Southdown lambs can be finished at an early age with good weights and high dress out percentages. Lambs sired by Southdown rams have the ability to produce prime lamb carcasses suitable for the modern domestic and export trades. Southdown sired prime lambs generally fall in the weight range 16 kg-26 kg, fat scores 2-4. Southdown sired lambs have had numerous successes throughout Australia in carcass competitions.

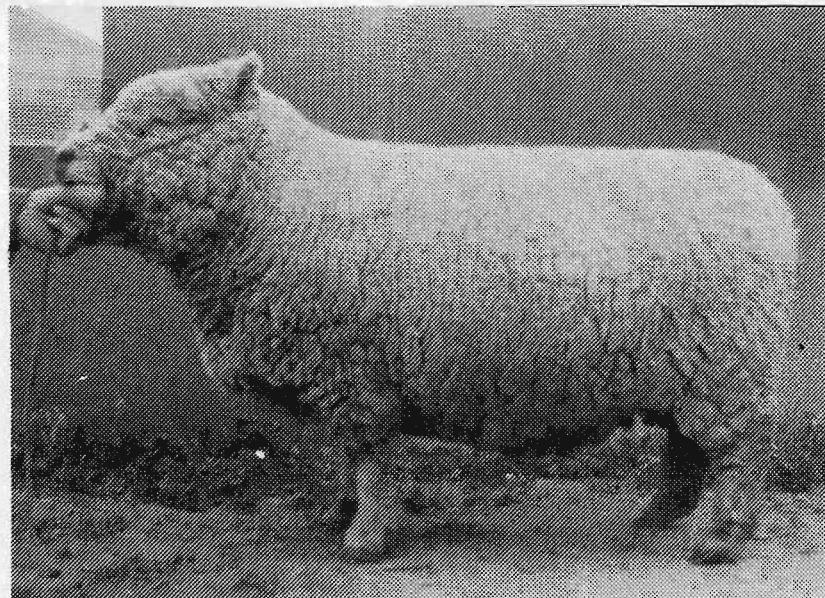

MELBOURNE ROYAL SHOW RECORD

The Southdowns have been exhibited at the Melbourne Royal Show, possibly since its inception and it is believed that they may have been shown at the Port Phillip Show, which began in 1858. The "Kirkdale Stud", Tasmania, began showing at Melbourne Royal in 1890 and exhibited the Champion Ram in 1894. This stud is still in existence and showed the Champion Ram at the Launceston National Show in 1892.

No. 1 in small tractors and mowers.

And we've got the grounds to prove it.

You can judge Kubota by the turf it keeps.

Throughout Australia, from superbly manicured municipal parks and gardens to the hallowed turf of the MCG – Kubota provides the professional edge.

The evidence speaks for itself. Kubota has the technology.

Take the PX-2100 radio controlled mower for example. Up and down steep slopes. Under and around trees.

Perfect mowing by remote control.

On the other hand, you can put yourself in the driver's seat with direct drive. It's really up to you.

Kubota gives you all the options.

In model choice. In horsepower ratings, to match power to purpose. In exclusively designed mid-mount mower deck sizes. In a complete range of dependable, easy-mount implement attachments.

Kubota puts you first in development.

The world's first outfront mower with 4WD hydrostatic transmission for quick, smooth operation. Tilt steering and cruise control are standard. So is the advanced ergonomic design for superior comfort.

First again, with dynamic Glide Shift clutchless transmission for ultimate tractor/

mower control. Shifting is smooth and precise. Forward-reverse direction clutchless control effortless and precise.

Superior design. Advanced technology. Easy maintenance. Quality without compromise. Proven dependability.

Perfect results every time. And we've got magnificent grounds to prove it.

FOR MOST OF
AUSTRALIA'S PAST,
WE'VE BEEN LOOKING
AFTER ITS FUTURE.

Our nation was barely 60 years old when AMP began providing financial security for ordinary Australians.

In the years since then, we've helped millions safeguard their future.

We stood by our farmers through the depression.

We helped the wives and families of diggers cope with the hardships of war.

Through natural disasters and personal tragedies, we've made sure no-one had to face things alone.

Last year AMP policyholders and beneficiaries received well over \$2.7 billion.

And on top of that, more than 2 million policyholders and their families continue to enjoy the most important benefit that AMP offers: the knowledge that we'll always be there when we're needed.

WE'LL ALWAYS BE THERE.

AMP will be at the Show too!

State Bank's long term loans. Because Mother Nature intends being around a long time.

Not surprisingly, a farmer's cash flow changes like the weather.

Which is why long term loans are so necessary.

And why the repayments on those loans should be as flexible as possible.

At State Bank Victoria, not only do we offer loans for periods of up to 20 years at very competitive rates, but we can also tailor the repayments to suit your cash flow and your ability to meet seasonal commitments.

What's more, our team of rural consultants can

visit your property with the branch manager, discuss your needs and in most cases give immediate approval.

At State Bank Victoria we can't claim to have Mother Nature under control but we're certainly making her a bit easier to bear.

State Bank  Victoria

We never forget it's your money.

ULTRASONIC ON HOOF COMPETITIONS

491 Ultrasonic on Hoof Competition.

Entries in this Competition are restricted to boars and sows entered in the 5 months old, or under classes in each of the breeds. Pigs will not be measured for backfat if an entry is under 60 kg liveweight.

Details of individual pigs entered must be stated on application for entry and each breed will be judged individually.

The Judge will appraise each entry in all breeds for breed type and allocate points up to a maximum of 100 for his ideal pig. These points will be divided by 10 and added to the points derived from the backfat index.

The backfat will be measured at the P2 position using an ultrasonic measuring device and an index incorporating growth rate calculated.

Winner of each class is the pig which scores the highest aggregate number of points over both sections of the competition.

Age range of these animals will be up to 163 days; therefore weights will vary accordingly. The index system has been formulated to allow for these varying weights and corresponding difference in desirable backfat measurements. The Minimum Index required is 45.

Index	Backfat ceiling
45-48	16mm or less
48.1-51	17mm or less
51.1-55	18mm or less
55.1 +	19mm or less

The formula used is $100 \times gr - p2 + 10\%$ of weight.

Note: These figures represent a minimum for growth rate and a maximum for backfat, not a statement of optimum levels.

Grand Champion will be decided on the same basis between the individual breed class winners.

Grand Champion - \$75, for the best exhibit in the Ultrasonic on Hoof Classes. First prize winners in Classes 533, 633, 733, 833, 933, are eligible to compete for this prize.

Grand Champion Group will be decided on the same basis between the individual breeds.

SPECIAL PERFORMANCE CLASS PERFORMANCE TESTED BOARS

Entry Fee: Free

This class will feature Boars which have successfully completed the 20th Test at the Victorian Australian Pig Breeders Association Boar Testing Station at Toolleen.

The Judges will visually assess the exhibits, irrespective of breed, for those characteristics which they believe to be the most valuable needed in breeding stock for present day commercial conditions.

1st, 2nd and 3rd awards may be made within each Breed.

Visual judging will take place on Sunday, 24th September and each Breed winner will be eligible to compete for the Junior Championship of its respective Breed.

The "B. & D. HAMBLIN" Trophy donated by Mr. & Mrs. B. Hamblin will be awarded to the winner of the visual judging.

THE AUSTRALIAN PIG BREEDERS ASSOCIATION LTD. (Victorian Branch) will donate a trophy to the exhibit which scores the highest index in the Test.

(This index will be calculated using a formula combining growth rate over the test period, with the measurement of fat at the P2 position, using an ultrasonic measuring device. For Boars to pass the test, they must achieve an above average score in growth rate and back fat measurement).

Entries will be received in all sections of the Royal Melbourne Show (the "Show") subject to these regulations and the special regulations, rules and conditions appearing at the head of each section and in each class, and on the entry form, and the Society's Conditions of Entry to the Show Grounds posted at each gate. Upon submission of an entry the Exhibitor agrees irrevocably to be bound by all applicable regulations, rules and conditions.

2. The Company may in its absolute discretion reject entries from competitors or Exhibitors who, or whose exhibits, are or have been subject to disqualification from any Royal or other show or a breed society or similar body.

3. Subject to regulations in the relevant Prize Schedule no entry may be changed by the Exhibitor after entries close unless otherwise permitted by the Company.

4. Unless otherwise permitted by the Company all entries must be made in writing on forms supplied by the Company.

5. The entry fee set out in the Schedule of Prizes shall be forwarded with each entry. The date of closing of entries will be found in the relevant Prize Schedule. The entry fee becomes the property of the Company upon acceptance of the entry and fees for withdrawn exhibits will not be refunded under any circumstances.

7. Restrictions on the number of entries in any section or class may be made by the Company.

8. Subject to the regulations in the relevant Prize Schedule, no exhibit may be entered in more than one Ordinary Class. Sweepstakes, Special Classes, Trophy Classes, and Championships do not count as Ordinary Classes. Throughout the Prize Schedules, Special Classes are designated with a star (*). Without limiting the foregoing, the Exhibitor shall indemnify and keep indemnified and hold harmless the Company and the Society from all claims whatsoever in respect of the exhibit whether arising by reason of any loss of or injury to or caused by the exhibit or by reason of its transportation, feeding or housing or for any other reason whatsoever.

22. The Company reserves the right to rule at any time that any exhibit, Exhibitor or competitor may not compete. This right remains notwithstanding the Company's acceptance of the entry, its inclusion in the Company's catalogue or the issue by the Company of an exhibit ticket, number or any other document.
